**Consolidated Schedule of Investments (Unaudited)
March 31, 2018
(Dollars in thousands)**

-
- (1) All investments of the Company are in entities which are organized under the laws of the United States and have a principal place of business in the United States.
 - (2) Has been pledged as collateral under the Key Facility.
 - (3) All non-affiliate investments are investments in which the Company owns less than 5% ownership of the voting securities of the portfolio company. All affiliate investments are investments in which the Company owns 5% or more of the voting securities of the portfolio company.
 - (4) All interest is payable in cash due monthly in arrears, unless otherwise indicated, and applies only to the Company's debt investments. Interest rate is the annual interest rate on the debt investment and does not include end-of-term payments ("ETPs") and any additional fees related to the investments, such as deferred interest, commitment fees or prepayment fees. Debt investments are at fixed rates for the term of the debt investment, unless otherwise indicated. All debt investments based on LIBOR are based on one-month LIBOR. For each debt investment, the current interest rate in effect as of March 31, 2018 is provided.
 - (5) Portfolio company is a public company.
 - (6) For debt investments, represents principal balance less unearned income.
 - (7) Warrants, Equity and Other Investments are non-income producing.
 - (8) Value as a percent of net assets.
 - (9) The Company did not have any non-qualifying assets under Section 55(a) of the Investment Company Act of 1940, as amended (the "1940 Act"), as of March 31, 2018. Under the 1940 Act, the Company may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of the Company's total assets.
 - (10) ETPs are contractual fixed-interest payments due in cash at the maturity date of the applicable debt investment, including upon any prepayment, and are a fixed percentage of the original principal balance of the debt investments unless otherwise noted. Interest will accrue during the life of the debt investment on each ETP and will be recognized as non-cash income until it is actually paid. Therefore, a portion of the incentive fee the Company may pay its Advisor will be based on income that the Company has not yet received in cash.
 - (11) Debt investment is on non-accrual status as of March 31, 2018.
 - (12) Debt investment has a payment-in-kind ("PIK") feature.
 - (13) Except for common stock in publicly traded companies, the fair value of the investment was valued using significant unobservable inputs.

 - (3) All non-affiliate investments are investments in which the Company owns less than 5% ownership of the voting securities of the portfolio company. All affiliate investments are investments in which the Company owns 5% or more of the voting securities of the portfolio company.
 - (4) All interest is payable in cash due monthly in arrears, unless otherwise indicated, and applies only to the Company's debt investments. Interest rate is the annual interest rate on the debt investment and does not include ETPs and any additional fees related to the investments, such as deferred interest, commitment fees or prepayment fees. Debt investments are at fixed rates for the term of the debt investment, unless otherwise indicated. All debt investments based on LIBOR are based on one-month LIBOR. For each debt investment, the current interest rate in effect as of December 31, 2017 is provided.
 - (5) Portfolio company is a public company.
 - (6) For debt investments, represents principal balance less unearned income.
 - (7) Warrants, Equity and Other Investments are non-income producing.
 - (8) Value as a percent of net assets.
 - (9) The Company did not have any non-qualifying assets under Section 55(a) of the 1940 Act as of December 31, 2017. Under the 1940 Act, the Company may not acquire any non-qualifying assets unless, at the time the acquisition is made, qualifying assets represent at least 70% of the Company's total assets.
 - (10) ETPs are contractual fixed-interest payments due in cash at the maturity date of the applicable debt investment, including upon any prepayment, and are a fixed percentage of the original principal balance of the debt investments unless otherwise noted. Interest will accrue during the life of the debt investment on each ETP and will be recognized as non-cash income until it is actually paid. Therefore, a portion of the incentive fee the Company may pay its Advisor will be based on income that the Company has not yet received in cash.
 - (11) Debt investment is on non-accrual status as of December 31, 2017.
 - (12) Digital Signal Corporation, a Delaware corporation ("DSC"), made an assignment for the benefit of its creditors whereby DSC assigned all of its assets to DSC (assignment for the benefit of creditors), LLC ("DSC ABC"), a Delaware limited liability company, established under Delaware law to effectuate the Assignment for the Benefit of Creditors of DSC.
 - (13) Debt investment has a PIK feature.
 - (14) Except for common stock in publicly traded companies, the fair value of the investment was valued using significant unobservable inputs.

Notes to Consolidated Financial Statements

Note 1. Organization

Horizon Technology Finance Corporation (the “Company”) was organized as a Delaware corporation on March 16, 2010 and is an externally managed, non-diversified, closed-end investment company. The Company has elected to be regulated as a business development company (“BDC”) under the 1940 Act. In addition, for tax purposes, the Company has elected to be treated as a regulated investment company (“RIC”) as defined under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). As a RIC, the Company generally is not subject to corporate-level federal income tax on the portion of its taxable income (including net capital gains) the Company distributes to its stockholders. The Company primarily makes secured debt investments to development-stage companies in the technology, life science, healthcare information and services and cleantech industries. All of the Company’s debt investments consist of loans secured by all of, or a portion of, the applicable debtor company’s tangible and intangible assets.

On October 28, 2010, the Company completed an initial public offering (“IPO”) and its common stock trades on the Nasdaq Global Select Market under the symbol “HRZN”. The Company was formed to continue and expand the business of Compass Horizon Funding Company LLC, a Delaware limited liability company, which commenced operations in March 2008 and became the Company’s wholly owned subsidiary upon the completion of the Company’s IPO.

Horizon Credit II LLC (“Credit II”) was formed as a Delaware limited liability company on June 28, 2011, with the Company as its sole equity member. Credit II is a special purpose bankruptcy-remote entity and is a separate legal entity from the Company. Any assets conveyed to Credit II are not available to creditors of the Company or any other entity other than Credit II’s lenders.

The Company has also established an additional wholly owned subsidiary, which is structured as a Delaware limited liability company, to hold the assets of a portfolio company acquired in connection with foreclosure or bankruptcy, which is a separate legal entity from the Company.

The Company’s investment strategy is to maximize the investment portfolio’s return by generating current income from the debt investments the Company makes and capital appreciation from the warrants the Company receives when making such debt investments. The Company has entered into an investment management agreement (the “Investment Management Agreement”) with Horizon Technology Finance Management LLC (the “Advisor”) under which the Advisor manages the day-to-day operations of, and provides investment advisory services to, the Company.

Note 2. Basis of presentation and significant accounting policies

The consolidated financial statements of the Company have been prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) and pursuant to the requirements for reporting on Form 10-Q and Articles 6 and 10 of Regulation S-X (“Regulation S-X”) under the Securities Act of 1933, as amended (the “Securities Act”). In the opinion of management, the consolidated financial statements reflect all adjustments and reclassifications that are necessary for the fair presentation of financial results as of and for the periods presented. All intercompany balances and transactions have been eliminated. The current period’s results of operations are not necessarily indicative of results that ultimately may be achieved for the year. Therefore, the unaudited financial statements and notes should be read in conjunction with the audited financial statements and notes thereto for the year ended December 31, 2017.

Principles of consolidation

As required under GAAP and Regulation S-X, the Company will generally consolidate its investment in a company that is an investment company subsidiary or a controlled operating company whose business consists of providing services to the Company. Accordingly, the Company consolidated the results of the Company’s wholly-owned subsidiaries in its consolidated financial statements.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

Use of estimates

In preparing the consolidated financial statements in accordance with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities, as of the date of the balance sheet and income and expenses for the period. Actual results could differ from those estimates. Material estimates that are particularly susceptible to significant change in the near term relate to the valuation of investments.

Fair value

The Company records all of its investments at fair value in accordance with relevant GAAP, which establishes a framework used to measure fair value and requires disclosures for fair value measurements. The Company has categorized its investments carried at fair value, based on the priority of the valuation technique, into a three-level fair value hierarchy as more fully described in Note 6. Fair value is a market-based measure considered from the perspective of the market participant who holds the financial instrument rather than an entity specific measure. Therefore, when market assumptions are not readily available, the Company's own assumptions are set to reflect those that management believes market participants would use in pricing the financial instrument at the measurement date.

The availability of observable inputs can vary depending on the financial instrument and is affected by a wide variety of factors, including, for example, the type of product, whether the product is new, whether the product is traded on an active exchange or in the secondary market and the current market conditions. To the extent that the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Company in determining fair value is greatest for financial instruments classified as Level 3.

See Note 6 for additional information regarding fair value.

Segments

The Company has determined that it has a single reporting segment and operating unit structure. The Company lends to and invests in portfolio companies in various technology, life science, healthcare information and services and cleantech industries. The Company separately evaluates the performance of each of its lending and investment relationships. However, because each of these debt investments and investment relationships has similar business and economic characteristics, they have been aggregated into a single lending and investment segment.

Investments

Investments are recorded at fair value. The Company's board of directors (the "Board") determines the fair value of the Company's portfolio investments. The Company has the intent to hold its debt investments for the foreseeable future or until maturity or payoff.

Interest on debt investments is accrued and included in income based on contractual rates applied to principal amounts outstanding. Interest income is determined using a method that results in a level rate of return on principal amounts outstanding. Generally, when a debt investment becomes 90 days or more past due, or if the Company otherwise does not expect to receive interest and principal repayments, the debt investment is placed on non-accrual status and the recognition of interest income may be discontinued. Interest payments received on non-accrual debt investments may be recognized as income, on a cash basis, or applied to principal depending upon management's judgment at the time the debt investment is placed on non-accrual status. As of March 31, 2018, there were no debt investments on non-accrual status. As of December 31, 2017, there was one investment on non-accrual status with a cost of \$3.0 million and a fair value of \$2.9 million. For the three months ended March 31, 2018 and 2017, the Company did not recognize any interest income from debt investments on non-accrual status.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

The Company receives a variety of fees from borrowers in the ordinary course of conducting its business, including advisory fees, commitment fees, amendment fees, non-utilization fees, success fees and prepayment fees. In a limited number of cases, the Company may also receive a non-refundable deposit earned upon the termination of a transaction. Debt investment origination fees, net of certain direct origination costs, are deferred and, along with unearned income, are amortized as a level-yield adjustment over the respective term of the debt investment. All other income is recognized when earned. Fees for counterparty debt investment commitments with multiple debt investments are allocated to each debt investment based upon each debt investment's relative fair value. When a debt investment is placed on non-accrual status, the amortization of the related fees and unearned income is discontinued until the debt investment is returned to accrual status.

Certain debt investment agreements also require the borrower to make an ETP, that is accrued into interest receivable and taken into income over the life of the debt investment to the extent such amounts are expected to be collected. The Company will generally cease accruing the income if there is insufficient value to support the accrual or the Company does not expect the borrower to be able to pay the ETP when due. The proportion of the Company's total investment income that resulted from the portion of ETPs not received in cash for the three months ended March 31, 2018 and 2017 was 7.5%.

In connection with substantially all lending arrangements, the Company receives warrants to purchase shares of stock from the borrower. The warrants are recorded as assets at estimated fair value on the grant date using the Black-Scholes valuation model. The warrants are considered loan fees and are recorded as unearned income on the grant date. The unearned income is recognized as interest income over the contractual life of the related debt investment in accordance with the Company's income recognition policy. Subsequent to debt investment origination, the fair value of the warrants is determined using the Black-Scholes valuation model. Any adjustment to fair value is recorded through earnings as net unrealized appreciation or depreciation on investments. Gains and losses from the disposition of the warrants or stock acquired from the exercise of warrants are recognized as realized gains and losses on investments.

Realized gains or losses on the sale of investments, or upon the determination that an investment balance, or portion thereof, is not recoverable, are calculated using the specific identification method. The Company measures realized gains or losses by calculating the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment. Net change in unrealized appreciation or depreciation reflects the change in the fair values of the Company's portfolio investments during the reporting period, including any reversal of previously recorded unrealized appreciation or depreciation when gains or losses are realized.

Debt issuance costs

Debt issuance costs are fees and other direct incremental costs incurred by the Company in obtaining debt financing from its lenders and issuing debt securities. The unamortized balance of debt issuance costs as of March 31, 2018 and December 31, 2017 was \$2.0 million and \$2.1 million, respectively. These amounts are amortized and included in interest expense in the consolidated statements of operations over the life of the borrowings. The accumulated amortization balances as of March 31, 2018 and December 31, 2017 were \$2.0 million and \$1.8 million, respectively. The amortization expense for the three months ended March 31, 2018 and 2017 was \$0.2 million and \$0.1 million, respectively.

Income taxes

As a BDC, the Company has elected to be treated as a RIC under Subchapter M of the Code and operates in a manner so as to qualify for the tax treatment applicable to RICs. In order to qualify as a RIC and to avoid the imposition of corporate-level income tax on the portion of its taxable income distributed to stockholders, among other things, the Company is required to meet certain source of income and asset diversification requirements and to timely distribute dividends out of assets legally available for distribution to its stockholders of an amount generally at least equal to 90% of its investment company taxable income, as defined by the Code and determined without regard to any deduction for dividends paid, for each tax year. The Company, among other things, has made and intends to continue to make the requisite distributions to its stockholders, which generally relieves the Company from corporate-level U.S. federal income taxes. Accordingly, no provision for federal income tax has been recorded in the financial statements. Differences between taxable income and net increase in net assets resulting from operations either can be temporary, meaning they will reverse in the future, or permanent. In accordance with Topic 946, *Financial Services—Investment Companies*, of the Financial Accounting Standards Board's ("FASB's"), Accounting Standards Codification, as amended ("ASC"), permanent tax differences, such as non-deductible excise taxes paid, are reclassified from distributions in excess of net investment income and net realized loss on investments to paid-in-capital at the end of each fiscal year. These permanent book-to-tax differences are reclassified on the consolidated statements of changes in net assets to reflect their tax character but have no impact on total net assets. For the year ended December 31, 2017, the Company reclassified \$0.03 million to paid-in capital from distributions in excess of net investment income, which related to excise taxes payable.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

Depending on the level of taxable income earned in a tax year, the Company may choose to carry forward taxable income in excess of current year distributions into the next tax year and incur a 4% U.S. federal excise tax on such income, as required. To the extent that the Company determines that its estimated current year annual taxable income will be in excess of estimated current year distributions, the Company accrues excise tax, if any, on estimated excess taxable income as taxable income is earned. For the three months ended March 31, 2018 and 2017, there was no U.S. federal excise tax recorded.

The Company evaluates tax positions taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" to be sustained by the applicable tax authority in accordance with ASC Topic 740, *Income Taxes*, as modified by ASC Topic 946. Tax benefits of positions not deemed to meet the more-likely-than-not threshold, or uncertain tax positions, would be recorded as a tax expense in the current year. It is the Company's policy to recognize accrued interest and penalties related to uncertain tax benefits in income tax expense. The Company had no material uncertain tax positions at March 31, 2018 and December 31, 2017. The Company's income tax returns for the 2016, 2015 and 2014 tax years remain subject to examination by U.S. federal and state tax authorities.

Distributions

Distributions to common stockholders are recorded on the declaration date. The amount to be paid out as distributions is determined by the Board. Net realized capital gains, if any, may be distributed, although the Company may decide to retain such net realized gains for investment.

The Company has adopted a dividend reinvestment plan that provides for reinvestment of cash distributions on behalf of its stockholders, unless a stockholder elects to receive cash. As a result, if the Board declares a cash distribution, then stockholders who have not "opted out" of the dividend reinvestment plan will have their cash distributions automatically reinvested in additional shares of the Company's common stock, rather than receiving the cash distribution. The Company may use newly issued shares to implement the plan or the Company may purchase shares in the open market to fulfill its obligations under the plan.

Stock Repurchase Program

On April 27, 2018, the Board extended a previously authorized stock repurchase program which allows the Company to repurchase up to \$5.0 million of its common stock at prices below the Company's net asset value per share as reported in its most recent consolidated financial statements. Under the repurchase program, the Company may, but is not obligated to, repurchase shares of its outstanding common stock in the open market or in privately negotiated transactions from time to time. Any repurchases by the Company will comply with the requirements of Rule 10b-18 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any applicable requirements of the 1940 Act. Unless extended by the Board, the repurchase program will terminate on the earlier of June 30, 2019 or the repurchase of \$5.0 million of the Company's common stock. During the three months ended March 31, 2018 and 2017, the Company did not make any repurchases of its common stock. From the inception of the stock repurchase program through March 31, 2018, the Company repurchased 167,465 shares of its common stock at an average price of \$11.22 on the open market at a total cost of \$1.9 million.

Transfers of financial assets

Assets related to transactions that do not meet the requirements under ASC Topic 860, *Transfers and Servicing* for sale treatment under GAAP are reflected in the Company's consolidated statements of assets and liabilities as investments. Those assets are owned by special purpose entities that are consolidated in the Company's financial statements. The creditors of the special purpose entities have received security interests in such assets and such assets are not intended to be available to the creditors of the Company (or any other affiliate of the Company).

Transfers of financial assets are accounted for as sales when control over the assets has been surrendered. Control over transferred assets is deemed to be surrendered when (1) the assets have been isolated from the Company — put presumptively beyond the reach of the transferor and its creditors, even in bankruptcy or other receivership, (2) the transferee obtains the right (free of conditions that constrain it from taking advantage of that right) to pledge or exchange the transferred assets and (3) the transferor does not maintain effective control over the transferred assets through either (a) an agreement that both entitles and obligates the transferor to repurchase or redeem the assets before maturity or (b) the ability to unilaterally cause the holder to return specific assets, other than through a cleanup call.

Recently adopted accounting pronouncement

In April 2014, the FASB issued Accounting Standards Update 2014-09, Revenue from Contracts with Customers (Topic 606) (“ASU 2014-09”), which amends existing revenue recognition guidance to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 is effective for annual and interim periods beginning after December 15, 2017. As required, the Company adopted ASU 2014-09 effective January 1, 2018, and such adoption did not have an impact on the Company’s consolidated financial statements and disclosures.

Note 3. Related party transactions

Investment Management Agreement

The Investment Management Agreement was reapproved by the Board on July 28, 2017. Under the terms of the Investment Management Agreement, the Advisor determines the composition of the Company’s investment portfolio, the nature and timing of the changes to the investment portfolio and the manner of implementing such changes; identifies, evaluates and negotiates the structure of the investments the Company makes (including performing due diligence on the Company’s prospective portfolio companies); and closes, monitors and administers the investments the Company makes, including the exercise of any voting or consent rights.

The Advisor’s services under the Investment Management Agreement are not exclusive to the Company, and the Advisor is free to furnish similar services to other entities so long as its services to the Company are not impaired. The Advisor is a registered investment adviser with the U.S. Securities and Exchange Commission. The Advisor receives fees for providing services to the Company under the Investment Management Agreement, consisting of two components, a base management fee and an incentive fee.

The base management fee under the Investment Management Agreement is calculated at an annual rate of 2.00% of (i) the Company’s gross assets, less (ii) assets consisting of cash and cash equivalents, and is payable monthly in arrears. For purposes of calculating the base management fee, the term “gross assets” includes any assets acquired with the proceeds of leverage.

The base management fee payable at March 31, 2018 and December 31, 2017 was \$0.4 million. The base management fee expense was \$1.1 million and \$1.0 million for the three months ended March 31, 2018 and 2017, respectively.

The incentive fee has two parts, as follows:

The first part, which is subject to the Incentive Fee Cap and Deferral Mechanism, as defined below, is calculated and payable quarterly in arrears based on the Company’s pre-incentive fee net investment income for the immediately preceding calendar quarter. For this purpose, “Pre-Incentive Fee Net Investment Income” means interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence and consulting fees or other fees received from portfolio companies) accrued during the calendar quarter, minus expenses for the quarter (including the base management fee, expenses payable under the Administration Agreement (as defined below), and any interest expense and any dividends paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-Incentive Fee Net Investment Income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind interest and zero coupon securities), accrued income the Company has not yet received in cash. The incentive fee with respect to the Pre-Incentive Fee Net Investment Income is 20.00% of the amount, if any, by which the Pre-Incentive Fee Net Investment Income for the immediately preceding calendar quarter exceeds a hurdle rate of 1.75% (which is 7.00% annualized) of the Company’s net assets at the end of the immediately preceding calendar quarter, subject to a “catch-up” provision measured as of the end of each calendar quarter. Under this provision, in any calendar quarter, the Advisor receives no incentive fee until the Pre-Incentive Fee Net Investment Income equals the hurdle rate of 1.75%, but then receives, as a “catch-up,” 100.00% of the Pre-Incentive Fee Net Investment Income with respect to that portion of such Pre-Incentive Fee Net Investment Income, if any, that exceeds the hurdle rate but is less than 2.1875% quarterly (which is 8.75% annualized). The effect of this “catch-up” provision is that, if Pre-Incentive Fee Net Investment Income exceeds 2.1875% in any calendar quarter, the Advisor will receive 20.00% of the Pre-Incentive Fee Net Investment Income as if the hurdle rate did not apply.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

Pre-Incentive Fee Net Investment Income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation. Because of the structure of the incentive fee, it is possible that the Company may pay an incentive fee in a quarter in which the Company incurs a loss. For example, if the Company receives Pre-Incentive Fee Net Investment Income in excess of the quarterly minimum hurdle rate, the Company will pay the applicable incentive fee up to the Incentive Fee Cap, defined below, even if the Company has incurred a loss in that quarter due to realized and unrealized capital losses. The Company's net investment income used to calculate this part of the incentive fee is also included in the amount of the Company's gross assets used to calculate the 2.00% base management fee. These calculations are appropriately prorated for any period of less than three months and adjusted for any share issuances or repurchases during the current quarter.

Commencing with the calendar quarter beginning July 1, 2014, the incentive fee on Pre-Incentive Fee Net Investment Income is subject to a fee cap and deferral mechanism which is determined based upon a look-back period of up to three years and is expensed when incurred. For this purpose, the look-back period for the incentive fee based on Pre-Incentive Fee Net Investment Income (the "Incentive Fee Look-back Period") commenced on July 1, 2014 and increased by one quarter in length at the end of each calendar quarter until June 30, 2017, after which time, the Incentive Fee Look-back Period includes the relevant calendar quarter and the 11 preceding full calendar quarters. Each quarterly incentive fee payable on Pre-Incentive Fee Net Investment Income is subject to a cap (the "Incentive Fee Cap") and a deferral mechanism through which the Advisor may recoup a portion of such deferred incentive fees (collectively, the "Incentive Fee Cap and Deferral Mechanism"). The Incentive Fee Cap is equal to (a) 20.00% of Cumulative Pre-Incentive Fee Net Return (as defined below) during the Incentive Fee Look-back Period less (b) cumulative incentive fees of any kind paid to the Advisor during the Incentive Fee Look-back Period. To the extent the Incentive Fee Cap is zero or a negative value in any calendar quarter, the Company will not pay an incentive fee on Pre-Incentive Fee Net Investment Income to the Advisor in that quarter. To the extent that the payment of incentive fees on Pre-Incentive Fee Net Investment Income is limited by the Incentive Fee Cap, the payment of such fees will be deferred and paid in subsequent calendar quarters up to three years after their date of deferral, subject to certain limitations, which are set forth in the Investment Management Agreement. The Company only pays incentive fees on Pre-Incentive Fee Net Investment Income to the extent allowed by the Incentive Fee Cap and Deferral Mechanism. "Cumulative Pre-Incentive Fee Net Return" during any Incentive Fee Look-back Period means the sum of (a) Pre-Incentive Fee Net Investment Income and the base management fee for each calendar quarter during the Incentive Fee Look-back Period and (b) the sum of cumulative realized capital gains and losses, cumulative unrealized capital appreciation and cumulative unrealized capital depreciation during the applicable Incentive Fee Look-back Period.

The second part of the incentive fee is determined and payable in arrears as of the end of each calendar year (or, upon termination of the Investment Management Agreement, as of the termination date), and equals 20.00% of the Company's realized capital gains, if any, on a cumulative basis from the date of the election to be a BDC through the end of each calendar year, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis through the end of such year, less all previous amounts paid in respect of the capital gain incentive fee. However, in accordance with GAAP, the Company is required to include the aggregate unrealized capital appreciation on investments in the calculation and accrue a capital gain incentive fee on a quarterly basis, as if such unrealized capital appreciation were realized, even though such unrealized capital appreciation is not permitted to be considered in calculating the fee actually payable under the Investment Management Agreement.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

On March 6, 2018, the Advisor irrevocably waived the receipt of incentive fees related to the amounts previously deferred that it may be entitled to receive under the Investment Management Agreement for the period commencing on January 1, 2018 and ending on December 31, 2018. Such waived incentive fees will not be subject to recoupment.

The performance based incentive fee expense was \$0.5 million and \$0.4 million for the three months ended March 31, 2018 and 2017, respectively. The incentive fee on Pre-Incentive Fee Net Investment Income was subject to the Incentive Fee Cap and Deferral Mechanism for the three months ended March 31, 2018 and 2017, which resulted in \$0.2 million and \$0.3 million of reduced expense and additional net investment income, respectively. The performance based incentive fee payable as of March 31, 2018 and December 31, 2017 was \$0.5 million. The entire incentive fee payable as of March 31, 2018 and December 31, 2017 represented part one of the incentive fee.

Administration Agreement

The Company entered into an administration agreement (the "Administration Agreement") with the Advisor to provide administrative services to the Company. For providing these services, facilities and personnel, the Company reimburses the Advisor for the Company's allocable portion of overhead and other expenses incurred by the Advisor in performing its obligations under the Administration Agreement, including rent, the fees and expenses associated with performing compliance functions and the Company's allocable portion of the costs of compensation and related expenses of the Company's Chief Financial Officer and Chief Compliance Officer and their respective staffs. The administrative fee expense was \$0.2 million for the three months ended March 31, 2018 and 2017.

Note 5. Transactions with affiliated companies

An affiliated company is generally a portfolio company in which the Company owns 5% or more of such portfolio company's voting securities. Transactions related to investments in affiliated companies for the three months ended March 31, 2018 were as follows:

| Three months ended March 31, 2018 | | | | | | | | | |
|-----------------------------------|---------------------------------|-----------------|-------------|----------------------------------|--------------------|----------------------------|------------------------------|--------------------------|-----------------|
| Portfolio Company | Fair value at December 31, 2017 | Purchases | Sales | Transfers in/(out) at fair value | Discount accretion | Net unrealized gain/(loss) | Fair value at March 31, 2018 | Net realized gain/(loss) | Interest income |
| (In thousands) | | | | | | | | | |
| Decision, Inc. | \$ 3,499 | \$ — | \$ — | \$ — | \$ 7 | \$ (20) | \$ 3,486 | \$ — | \$ 131 |
| StereoVision, Inc. | — | 3,589 | — | — | — | (106) | 3,483 | — | — |

There were no transactions related to investments in affiliated companies for the three months ended March 31, 2017.

Note 6. Fair value

The Company uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. However, in certain instances, there are no quoted market prices for certain assets or liabilities. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the asset or liability.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

Fair value measurements focus on exit prices in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset or liability, a change in valuation technique or the use of multiple valuation techniques may be appropriate. In such instances, determining the price at which willing market participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment.

The Company's fair value measurements are classified into a fair value hierarchy in accordance with ASC Topic 820, *Fair Value Measurement*, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. The three categories within the hierarchy are as follows:

Level 1 Quoted prices in active markets for identical assets and liabilities.

Level 2 Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, and model-based valuation techniques for which all significant inputs are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Investments are valued at fair value as determined in good faith by the Board, based on input of management, the audit committee and independent valuation firms which are engaged at the direction of the Board to assist in the valuation of each portfolio investment lacking a readily available market quotation at least once during a trailing twelve-month period under a valuation policy and a consistently applied valuation process. This valuation process is conducted at the end of each fiscal quarter, with at least 25% (based on fair value) of the Company's valuation of portfolio companies lacking readily available market quotations subject to review by an independent valuation firm.

Because there is not a readily available market value for most of the investments in its portfolio, the Company values substantially all of its portfolio investments at fair value as determined in good faith by the Board, as described herein. Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of the Company's investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that the Company may ultimately realize. Further, such investments are generally subject to legal and other restrictions on resale or otherwise are less liquid than publicly traded securities. If the Company was required to liquidate a portfolio investment in a forced or liquidation sale, the Company could realize significantly less than the value at which the Company has recorded such portfolio investment.

Cash and interest receivable: The carrying amount is a reasonable estimate of fair value. These financial instruments are not recorded at fair value on a recurring basis and are categorized as Level 1 within the fair value hierarchy described above.

Debt investments: The fair value of debt investments is estimated by discounting the expected future cash flows using the period end rates at which similar debt investments would be made to borrowers with similar credit ratings and for the same remaining maturities. At March 31, 2018 and December 31, 2017, the hypothetical market yields used ranged from 10% to 25%. Significant increases (decreases) in this unobservable input would result in a significantly lower (higher) fair value measurement. These assets are recorded at fair value on a recurring basis and are categorized as Level 3 within the fair value hierarchy described above.

Under certain circumstances, the Company may use an alternative technique to value debt investments that better reflects its fair value such as the use of multiple probability weighted cash flow models when the expected future cash flows contain elements of variability.

Horizon Technology Finance Corporation and Subsidiaries

Notes to Consolidated Financial Statements

Warrant investments: The Company values its warrants using the Black-Scholes valuation model incorporating the following material assumptions:

- Underlying asset value of the issuer is estimated based on information available, including any information regarding the most recent rounds of borrower funding. Significant increases (decreases) in this unobservable input would result in a significantly higher (lower) fair value measurement.
- Volatility, or the amount of uncertainty or risk about the size of the changes in the warrant price, is based on indices of publicly traded companies similar in nature to the underlying company issuing the warrant. A total of seven such indices are used. Significant increases (decreases) in this unobservable input would result in a significantly higher (lower) fair value measurement.
- The risk-free interest rates are derived from the U.S. Treasury yield curve. The risk-free interest rates are calculated based on a weighted average of the risk-free interest rates that correspond closest to the expected remaining life of the warrant.
- Other adjustments, including a marketability discount on private company warrants, are estimated based on management's judgment about the general industry environment.
- Historical portfolio experience on cancellations and exercises of the Company's warrants are utilized as the basis for determining the estimated time to exit of the warrants in each financial reporting period. Warrants may be exercised in the event of acquisitions, mergers or initial public offerings, and cancelled due to events such as bankruptcies, restructuring activities or additional financings. These events cause the expected remaining life assumption to be shorter than the contractual term of the warrants. Significant increases (decreases) in this unobservable input would result in significantly higher (lower) fair value measurement.

Under certain circumstances the Company may use an alternative technique to value warrants that better reflects the warrants' fair value, such as an expected settlement of a warrant in the near term or a model that incorporates a put feature associated with the warrant. The fair value may be determined based on the expected proceeds to be received from such settlement or based on the net present value of the expected proceeds from the put option.

The fair value of the Company's warrants held in publicly traded companies is determined based on inputs that are readily available in public markets or can be derived from information available in public markets. Therefore, the Company has categorized these warrants as Level 2 within the fair value hierarchy described above. The fair value of the Company's warrants held in private companies is determined using both observable and unobservable inputs and represents management's best estimate of what market participants would use in pricing the warrants at the measurement date. Therefore, the Company has categorized these warrants as Level 3 within the fair value hierarchy described above. These assets are recorded at fair value on a recurring basis.

Equity investments: The fair value of an equity investment in a privately held company is initially the face value of the amount invested. The Company adjusts the fair value of equity investments in private companies upon the completion of a new third-party round of equity financing. The Company may make adjustments to fair value, absent a new equity financing event, based upon positive or negative changes in a portfolio company's financial or operational performance. Significant increases (decreases) in this unobservable input would result in a significantly higher (lower) fair value measurement. The Company has categorized these equity investments as Level 3 within the fair value hierarchy described above. The fair value of an equity investment in a publicly traded company is based upon the closing public share price on the date of measurement. Therefore, the Company has categorized these equity investments as Level 1 within the fair value hierarchy described above. These assets are recorded at fair value on a recurring basis.

Other investments: Other investments are valued based on the facts and circumstances of the underlying contractual agreement. The Company currently values these contractual agreements using a multiple probability weighted cash flow model as the contractual future cash flows contain elements of variability. Significant changes in the estimated cash flows and probability weightings would result in a significantly higher or lower fair value measurement. The Company has categorized these other investments as Level 3 within the fair value hierarchy described above. These other investments are recorded at fair value on a recurring basis.

Borrowings: The carrying amount of borrowings under the Company's revolving credit facility (the "Key Facility") with KeyBank National Association ("Key") approximates fair value due to the variable interest rate of the Key Facility and is categorized as Level 2 within the fair value hierarchy described above. Additionally, the Company considers its creditworthiness in determining the fair value of such borrowings. The fair value of the fixed-rate 2022 Notes (as defined in Note 7) is based on the closing public share price on the date of measurement. On March 31, 2018, the closing price of the 2022 Notes on the New York Stock Exchange was \$25.75 per note, or \$38.5 million. Therefore, the Company has categorized this borrowing as Level 1 within the fair value hierarchy described above.

Off-balance-sheet instruments: Fair values for off-balance-sheet lending commitments are based on fees currently charged to enter into similar agreements, taking into account the remaining terms of the agreements and the counterparties' credit standings. Therefore, the Company has categorized these instruments as Level 3 within the fair value hierarchy described above.

The following tables detail the assets that are carried at fair value and measured at fair value on a recurring basis as of March 31, 2018 and December 31, 2017 and indicate the fair value hierarchy of the valuation techniques utilized by the Company to determine the fair value:

| Level 3 assets, end of period | \$ 192,970 | \$ 7,458 | \$ 990 | \$ 7,700 | \$ 209,118 |

The Company's transfers between levels are recognized at the end of each reporting period. During the three months ended March 31 2018, there were no transfers between levels.

The change in unrealized depreciation included in the consolidated statement of operations attributable to Level 3 investments still held at March 31, 2018 includes \$0.3 million in unrealized depreciation on debt and other investments, \$0.1 million in unrealized depreciation on warrant investments and \$0.05 million in unrealized depreciation on equity investments.

| Level 3 assets, end of period | \$ 166,066 | \$ 6,250 | \$ 268 | \$ 5,900 | \$ 178,484 |

The Company's transfers between levels are recognized at the end of each reporting period. During the three months ended March 31, 2017, there were no transfers between levels.

The change in unrealized appreciation included in the consolidated statement of operations attributable to Level 3 investments still held at March 31, 2017 includes \$0.5 million in unrealized depreciation on debt and other investments, \$0.1 million in unrealized depreciation on warrant investments and \$0.1 million in unrealized appreciation on equity investments.

The Company discloses fair value information about financial instruments, whether or not recognized in the consolidated statement of assets and liabilities, for which it is practicable to estimate that value. Certain financial instruments are excluded from the disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Company.

The fair value amounts have been measured as of the reporting date and have not been reevaluated or updated for purposes of these financial statements subsequent to that date. As such, the fair values of these financial instruments subsequent to the reporting date may be different than amounts reported.

As of March 31, 2018 and December 31, 2017, the recorded balances equaled fair values of all the Company's financial instruments, except for the Company's 2022 Notes, as previously described.

Off-balance-sheet instruments

The Company assumes interest rate risk (the risk that general interest rate levels will change) as a result of its normal operations. As a result, the fair values of the Company's financial instruments will change when interest rate levels change, and that change may be either favorable or unfavorable to the Company. Management attempts to match maturities of assets and liabilities to the extent believed necessary to minimize interest rate risk. Management monitors rates and maturities of assets and liabilities and attempts to minimize interest rate risk by adjusting terms of new debt investments and by investing in securities with terms that mitigate the Company's overall interest rate risk.

Currently, with certain limited exceptions, as a BDC, the Company is only allowed to borrow amounts such that the Company's asset coverage, as defined in the 1940 Act, is at least 200% after such borrowings. As of March 31, 2018, the Company's asset coverage for borrowed amounts was 241%.

On March 23, 2018, President Trump signed into law the Small Business Credit Availability Act as part of an omnibus spending bill, which, among other things, amends the 1940 Act to reduce the minimum required asset coverage applicable to BDCs under the 1940 Act from 200% to 150% if certain approval and disclosure requirements are met. Before such reduced asset coverage requirement can apply to the Company, such reduced asset coverage requirement must be approved by either (a) a majority of the Company's directors who have no financial interest in such approval and a majority of the Company's directors who are not interested persons, as defined by the 1940 Act, of the Company in which case such reduced asset coverage requirement would take effect on the first anniversary of the date of such Board approval, or (b) a majority of votes cast by the stockholders of the Company at a special or annual meeting at which a quorum is present, in which case such reduced asset coverage requirement shall take effect on the day after such approval.

The Company entered into the Key Facility with Key effective November 4, 2013. The Key Facility has an accordion feature which allows for an increase in the total loan commitment to \$150 million from the \$95 million commitment as of March 31, 2018. The Key Facility is collateralized by all debt investments and warrants held by Credit II and permits an advance rate of up to 50% of eligible debt investments held by Credit II. The Key Facility contains covenants that, among other things, require the Company to maintain a minimum net worth and to restrict the debt investments securing the Key Facility to certain criteria for qualified debt investments and includes portfolio company concentration limits as defined in the related loan agreement. As of March 31, 2018, the Key Facility had a revolving period that extended to August 12, 2018, followed by a two-year amortization period and was scheduled to mature on August 12, 2020. The interest rate is based upon the one-month London Interbank Offered Rate ("LIBOR"), plus a spread of 3.25%, with a LIBOR floor of 0.75%. The LIBOR rate was 1.88% and 1.56% on March 31, 2018 and December 31, 2017, respectively. The average interest rate for the three months ended March 31, 2018 and 2017 was 4.85% and 4.03%, respectively. The Key Facility requires the payment of an unused line fee in an amount equal to 0.50% of any unborrowed amount available under the facility annually. As of March 31, 2018 and December 31, 2017, the Company had borrowing capacity under the Key Facility of \$37.0 million. At March 31, 2018 and December 31, 2017, \$24.0 million and \$23.6 million, respectively, was available, subject to existing terms and advance rates.

Notes to Consolidated Financial Statements

On March 23, 2012, the Company issued and sold an aggregate principal amount of \$30.0 million of 7.375% senior unsecured notes due in 2019 and on April 18, 2012, pursuant to the underwriters' 30 day option to purchase additional notes, the Company sold an additional \$3.0 million of such notes (collectively, the "2019 Notes"). The 2019 Notes had a stated maturity of March 15, 2019 and were redeemable in whole or in part at the Company's option at any time or from time to time at a redemption price of \$25 per security plus accrued and unpaid interest. The 2019 Notes bore interest at a rate of 7.375% per year payable quarterly on March 15, June 15, September 15 and December 15 of each year. The 2019 Notes were the Company's direct unsecured obligations and (i) ranked equally in right of payment with the Company's future unsecured indebtedness; (ii) were senior in right of payment to any of the Company's future indebtedness that expressly provided it was subordinated to the 2019 Notes; (iii) were effectively subordinated to all of the Company's existing and future secured indebtedness (including indebtedness that was initially unsecured to which the Company subsequently granted security), to the extent of the value of the assets securing such indebtedness, and (iv) were structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries. On October 30, 2017 (the "Redemption Date"), the Company redeemed all of the issued and outstanding 2019 Notes in an aggregate principal amount of \$33.0 million and paid accrued interest of \$0.3 million. The Company accelerated \$0.2 million of unamortized debt issuance costs related to the 2019 Notes. The 2019 Notes were delisted effective on the Redemption Date.

On September 29, 2017, the Company issued and sold an aggregate principal amount of \$32.5 million of 6.25% notes due in 2022 and on October 11, 2017, pursuant to the underwriters' 30 day option to purchase additional notes, the Company sold an additional \$4.9 million of such notes (collectively, the "2022 Notes"). The 2022 Notes have a stated maturity of September 15, 2022 and may be redeemed in whole or in part at the Company's option at any time or from time to time on or after September 15, 2019 at a redemption price of \$25 per security plus accrued and unpaid interest. The 2022 Notes bear interest at a rate of 6.25% per year, payable quarterly on March 15, June 15, September 15 and December 15 of each year. The 2022 Notes are the Company's direct unsecured obligations and (i) rank equally in right of payment with the Company's current and future unsecured indebtedness; (ii) are senior in right of payment to any of the Company's future indebtedness that expressly provides it is subordinated to the 2022 Notes; (iii) are effectively subordinated to all of the Company's existing and future secured indebtedness (including indebtedness that is initially unsecured to which the Company subsequently grants security), to the extent of the value of the assets securing such indebtedness, and (iv) are structurally subordinated to all existing and future indebtedness and other obligations of any of the Company's subsidiaries. As of March 31, 2018, the Company was in material compliance with the terms of the 2022 Notes. The 2022 Notes are listed on the New York Stock Exchange under the symbol "HTFA".

Note 8. Financial instruments with off-balance-sheet risk

In the normal course of business, the Company is party to financial instruments with off-balance-sheet risk to meet the financing needs of its borrowers. These financial instruments include commitments to extend credit and involve, to varying degrees, elements of credit risk in excess of the amount recognized in the consolidated statement of assets and liabilities. The Company attempts to limit its credit risk by conducting extensive due diligence and obtaining collateral where appropriate.

The balance of unfunded commitments to extend credit was \$22.5 million and \$33.3 million as of March 31, 2018 and December 31, 2017, respectively. Commitments to extend credit consist principally of the unused portions of commitments that obligate the Company to extend credit, such as revolving credit arrangements or similar transactions. These commitments are often subject to financial or non-financial milestones and other conditions to borrow that must be achieved before the commitment can be drawn. In addition, the commitments generally have fixed expiration dates or other termination clauses. Since commitments may expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements.

Notes to Consolidated Financial Statements

The following table provides the Company's unfunded commitments by portfolio company as of March 31, 2018:

| | March 31, 2018 | |
|----------------------------|------------------------------|--|
| | Principal Balance | Fair Value of Unfunded Commitment Liability |
| | (In thousands) | |
| Aerin Medical, Inc. | \$ 5,000 | \$ 63 |
| VERO Biotech LLC | 2,000 | 20 |
| HealthEdge Software, Inc. | 7,500 | 75 |
| Intelepeer Holdings, Inc. | 3,000 | 40 |
| PebblePost, Inc. | 4,000 | 59 |
| StereoVision Imaging, Inc. | 1,000 | — |
| Total | \$ 22,500 | \$ 257 |

The table above also provides the fair value of the Company's unfunded commitment liability as of March 31, 2018, which totaled \$0.3 million. The fair value at inception of the delay draw credit agreements is equal to the fees and/or warrants received to enter into these agreements, taking into account the remaining terms of the agreements and the counterparties' credit profile. The unfunded commitment liability reflects the fair value of these future funding commitments and is included in the Company's consolidated statement of assets and liabilities.

Note 9. Concentrations of credit risk

The Company's debt investments consist primarily of loans to development-stage companies at various stages of development in the technology, life science, healthcare information and services and cleantech industries. Many of these companies may have relatively limited operating histories and also may experience variation in operating results. Many of these companies conduct business in regulated industries and could be affected by changes in government regulations. Most of the Company's borrowers will need additional capital to satisfy their continuing working capital needs and other requirements, and in many instances, to service the interest and principal payments on the loans.

The Company's largest debt investments may vary from period to period as new debt investments are recorded and existing debt investments are repaid. The Company's five largest debt investments, at cost, represented 32% and 29% of total debt investments outstanding as of March 31, 2018 and December 31, 2017, respectively. No single debt investment represented more than 10% of the total debt investments as of March 31, 2018 and December 31, 2017. Investment income, consisting of interest and fees, can fluctuate significantly upon repayment of large debt investments. Interest income from the five largest debt investments accounted for 29% and 14% of total interest and fee income on investments for the three months ended March 31, 2018 and 2017, respectively.

- (1) Distributions are determined based on taxable income calculated in accordance with income tax regulations, which may differ from amounts determined under GAAP due to (i) changes in unrealized appreciation and depreciation, (ii) temporary and permanent differences in income and expense recognition, and (iii) the amount of spillover income carried over from a given tax year for distribution in the following tax year. The final determination of taxable income for each tax year, as well as the tax attributes for distributions in such tax year, will be made after the close of the tax year.
- (2) The total return equals the change in the ending market value over the beginning of period price per share plus distributions paid per share during the period, divided by the beginning price.
- (3) Annualized.

Note 12. Subsequent event

On April 6, 2018, the Company amended the Key Facility to increase the aggregate commitments to \$100.0 million and extend the revolving period to April 6, 2021 and the maturity date to April 6, 2023.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

In this quarterly report on Form 10-Q, except where the context suggests otherwise, the terms "we," "us," "our" and "Horizon Technology Finance" refer to Horizon Technology Finance Corporation and its consolidated subsidiaries. The information contained in this section should be read in conjunction with our consolidated financial statements and related notes thereto appearing elsewhere in this quarterly report on Form 10-Q.

Forward-looking statements

This quarterly report on Form 10-Q, including the Management's Discussion and Analysis of Financial Condition and Results of Operations, contains statements that constitute forward-looking statements, which relate to future events or our future performance or financial condition. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about our industry, our beliefs and our assumptions. The forward-looking statements contained in this quarterly report on Form 10-Q involve risks and uncertainties, including statements as to:

- our future operating results, including the performance of our existing debt investments, warrants and other investments;
- the introduction, withdrawal, success and timing of business initiatives and strategies;
- changes in political, economic or industry conditions, the interest rate environment or financial and capital markets, which could result in changes in the value of our assets;
- the relative and absolute investment performance and operations of our investment advisor, Horizon Technology Finance Management LLC, or the Advisor;
- the impact of increased competition;
- the impact of investments we intend to make and future acquisitions and divestitures;
- the unfavorable resolution of legal proceedings;
- our business prospects and the prospects of our portfolio companies;
- the impact, extent and timing of technological changes and the adequacy of intellectual property protection;
- our regulatory structure and tax status;
- our ability to qualify and maintain qualification as a regulated investment company, or RIC, and as a business development company, or BDC;
- the adequacy of our cash resources and working capital;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the impact of interest rate volatility on our results, particularly if we use leverage as part of our investment strategy;
- the ability of our portfolio companies to achieve their objective;
- the impact of legislative and regulatory actions and reforms and regulatory supervisory or enforcement actions of government agencies relating to us or our Advisor;
- the impact of the Small Business Credit Availability Act on our operations and the BDC industry;
- our contractual arrangements and relationships with third parties;
- our ability to access capital and any future financings by us;
- the ability of our Advisor to attract and retain highly talented professionals; and
- the impact of changes to tax legislation and, generally, our tax position.

We use words such as "anticipates," "believes," "expects," "intends," "seeks" and similar expressions to identify forward-looking statements. Undue influence should not be placed on the forward looking statements as our actual results could differ materially from those projected in the forward-looking statements for any reason, including the factors in "Risk Factors" and elsewhere in our annual report on Form 10-K for the year ended December 31, 2017, and elsewhere in this quarterly report on Form 10-Q.

We have based the forward-looking statements included in this report on information available to us on the date of this report, and we assume no obligation to update any such forward-looking statements. Although we undertake no obligation to revise or update any forward-looking statements in this quarterly report on Form 10-Q, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we may make directly to you or through reports that we in the future may file with the U.S. Securities and Exchange Commission, or the SEC, including periodic reports on Form 10-Q and Form 10-K and current reports on Form 8-K.

Overview

We are a specialty finance company that lends to and invests in development-stage companies in the technology, life science, healthcare information and services and cleantech industries, which we refer to as our “Target Industries.” Our investment objective is to maximize our investment portfolio’s total return by generating current income from the debt investments we make and capital appreciation from the warrants we receive when making such debt investments. We are focused on making secured debt investments, which we refer to collectively as “Venture Loans,” to venture capital backed companies in our Target Industries, which we refer to as “Venture Lending.” We also selectively provide Venture Loans to publicly traded companies in our Target Industries. Our debt investments are typically secured by first liens or first liens behind a secured revolving line of credit, or Senior Term Loans. As of March 31, 2018, 100.0%, or \$193.0 million, of our debt investment portfolio at fair value consisted of Senior Term Loans. Venture Lending is typically characterized by (1) the making of a secured debt investment after a venture capital or equity investment in the portfolio company has been made, which investment provides a source of cash to fund the portfolio company’s debt service obligations under the Venture Loan, (2) the senior priority of the Venture Loan which requires repayment of the Venture Loan prior to the equity investors realizing a return on their capital, (3) the relatively rapid amortization of the Venture Loan and (4) the lender’s receipt of warrants or other success fees with the making of the Venture Loan.

We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a BDC under the Investment Company Act of 1940, as amended, or the 1940 Act. In addition, for U.S. federal income tax purposes, we have elected to be treated as a RIC under Subchapter M of the Internal Revenue Code of 1986, as amended, or the Code. As a BDC, we are required to comply with regulatory requirements, including limitations on our use of debt. We are permitted to, and expect to, finance our investments through borrowings. However, as a BDC, we are only generally allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% (or 150% if certain approval and disclosure requirements are met) after such borrowing. The amount of leverage that we employ depends on our assessment of market conditions and other factors at the time of any proposed borrowing. As a RIC, we generally are not subject to corporate-level income taxes on our investment company taxable income, determined without regard to any deductions for dividends paid, and our net capital gain that we distribute as dividends for U.S. federal income tax purposes to our stockholders as long as we meet certain source-of-income, distribution, asset diversification and other requirements.

Compass Horizon Funding Company LLC, or Compass Horizon, our predecessor company, commenced operations in March 2008. We were formed in March 2010 for the purpose of acquiring Compass Horizon and continuing its business as a public entity.

Our investment activities, and our day-to-day operations, are managed by our Advisor and supervised by our board of directors, or the Board, of which a majority of the members are independent of us. Under an amended and restated investment management agreement, or the Investment Management Agreement, we have agreed to pay our Advisor a base management fee and an incentive fee for its advisory services to us. We have also entered into an administration agreement, or the Administration Agreement, with our Advisor under which we have agreed to reimburse our Advisor for our allocable portion of overhead and other expenses incurred by our Advisor in performing its obligations under the Administration Agreement.

Portfolio composition and investment activity

We receive payments on our debt investments based on scheduled amortization of the outstanding balances. In addition, we receive repayments of some of our debt investments prior to their scheduled maturity date. The frequency or volume of these repayments may fluctuate significantly from period to period.

The following table shows our debt investments by industry sector as of March 31, 2018 and December 31, 2017:

The largest debt investments in our portfolio may vary from period to period as new debt investments are originated and existing debt investments are repaid. Our five largest debt investments represented 32% and 29% of total debt investments outstanding as of March 31, 2018 and December 31, 2017, respectively. No single debt investment represented more than 10% of our total debt investments as of March 31, 2018 and December 31, 2017.

Debt investment asset quality

We use an internal credit rating system which rates each debt investment on a scale of 4 to 1, with 4 being the highest credit quality rating and 3 being the rating for a standard level of risk. A rating of 2 represents an increased level of risk and, while no loss is currently anticipated for a 2-rated debt investment, there is potential for future loss of principal. A rating of 1 represents a deteriorating credit quality and a high degree of risk of loss of principal. Our internal credit rating system is not a national credit rating system. As of March 31, 2018 and December 31, 2017, our debt investments had a weighted average credit rating of 3.0. The following table shows the classification of our debt investment portfolio by credit rating as of March 31, 2018 and December 31, 2017:

| Credit Rating | March 31, 2018 | | | December 31, 2017 | | |
|---------------|------------------------|--------------------------------|--------------------------------|-----------------------|--------------------------------|--------------------------------|
| | Number of Investments | Debt Investments at Fair Value | Percentage of Debt Investments | Number of Investments | Debt Investments at Fair Value | Percentage of Debt Investments |
| | (Dollars in thousands) | | | | | |
| 4 | 4 | \$ 21,119 | 10.9% | 4 | \$ 18,701 | 9.2% |
| 3 | 23 | 150,452 | 78.0 | 25 | 176,560 | 86.6 |
| 2 | 5 | 21,399 | 11.1 | 3 | 5,632 | 2.8 |
| 1 | — | — | — | 1 | 2,900 | 1.4 |
| Total | 32 | \$ 192,970 | 100.0% | 33 | \$ 203,793 | 100.0% |

As of March 31, 2018, there were no debt investments with an internal credit rating of 1. As of December 31, 2017, there was one debt investment with an internal credit rating of 1, with a cost of \$3.0 million and a fair value of \$2.9 million.

Consolidated results of operations

As a BDC and a RIC, we are subject to certain constraints on our operations, including limitations imposed by the 1940 Act and the Code. The consolidated results of operations described below may not be indicative of the results we report in future periods.

Comparison of the three months ended March 31, 2018 and 2017

The following table shows consolidated results of operations for the three months ended March 31, 2018 and 2017:

| | For the Three Months Ended March 31, | |
|---|--------------------------------------|------------|
| | 2018 | 2017 |
| | (In thousands) | |
| Total investment income | \$ 7,175 | \$ 6,962 |
| Total expenses | 3,965 | 3,595 |
| Net investment income | 3,210 | 3,367 |
| Net realized loss on investments | (149) | (10,845) |
| Net unrealized (depreciation) appreciation on investments | (458) | 11,131 |
| Net increase in net assets resulting from operations | \$ 2,603 | \$ 3,653 |
| Average debt investments, at fair value | \$ 199,728 | \$ 179,530 |
| Average borrowings outstanding | \$ 95,375 | \$ 86,056 |

Net increase in net assets resulting from operations can vary substantially from period to period for various reasons, including the recognition of realized gains and losses and unrealized appreciation and depreciation on investments. As a result, quarterly comparisons of net increase in net assets resulting from operations may not be meaningful.

Investment income

Total investment income increased by \$0.2 million, or 3.1%, to \$7.2 million for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017. For the three months ended March 31, 2018, total investment income consisted primarily of \$6.8 million in interest income from investments, which included \$1.3 million in income from the accretion of origination fees and end-of-term payments, or ETPs, and \$0.4 million in fee income. Interest income on investments increased by \$0.5 million, or 7.5%, for the three months ended March 31, 2018 compared to the three months ended March 31, 2017. Interest income on investments increased primarily due to an increase of \$20.2 million, or 11.3%, in the average size of our investment portfolio for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017, which was partially offset by a decrease in accelerated ETPs related to prepayments. Fee income, which includes success fee and prepayment fee income on debt investments, decreased by \$0.3 million, or 38.2%, to \$0.4 million primarily due to a decrease in fees earned on lower principal prepayments received during the three months ended March 31, 2018 compared to the three months ended March 31, 2017.

For the three months ended March 31, 2018 and 2017, our dollar-weighted annualized yield on average debt investments (excluding any yield from warrants, equity and other investments) was 14.4% and 15.5%, respectively. We calculate the yield on dollar-weighted average debt investments for any period as (1) total investment income during the period divided by (2) the average of the fair value of debt investments outstanding on (a) the last day of the calendar month immediately preceding the first day of the period and (b) the last day of each calendar month during the period. The dollar-weighted annualized yield on average debt investments is higher than what investors will realize because it does not reflect our expenses or any sales load paid by investors.

For the three months ended March 31, 2018 and 2017, our investment portfolio (including any yield from warrants, equity and other investments) had an overall total return of 13.1% and 14.8%, respectively. We calculate the yield on dollar-weighted average investments for any period as (1) total investment income during the period divided by (2) the average of the fair value of investments outstanding on (a) the last day of the calendar month immediately preceding the first day of the period and (b) the last day of each calendar month during the period. The dollar-weighted annualized yield on average investments is higher than what investors will realize because it does not reflect our expenses or any sales load paid by investors.

Investment income, consisting of interest income and fees on debt investments, can fluctuate significantly upon repayment of large debt investments. Interest income from the five largest debt investments in the aggregate accounted for 29% and 14% of investment income for the three months ended March 31, 2018 and 2017, respectively.

Expenses

Total expenses increased by \$0.4 million, or 10.3%, to \$4.0 million for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017. Total expenses for each period consisted of interest expense, base management fee, incentive and administrative fees, professional fees and general and administrative expenses.

Interest expense increased by \$0.2 million, or 12.8%, to \$1.5 million for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017. Interest expense, which includes the amortization of debt issuance costs, increased primarily due to an increase in average borrowings of \$9.3 million, or 10.8%, for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017.

Base management fee expense increased by \$0.1 million, or 14.4%, to \$1.1 million for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017. Base management fee increased primarily due to an increase of \$20.2 million, or 11.3%, in the average size of our investment portfolio for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017.

Performance based incentive fee expense increased by \$0.1 million, or 26.7%, to \$0.5 million for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017 due to an increase in the cap on incentive fees, or the Incentive Fee Cap, calculated based on the incentive fee cap and deferral mechanism in our Investment Management Agreement. This resulted in \$0.2 million and \$0.3 million, respectively, of reduced expense and additional net investment income for the three months ended March 31, 2018 and 2017. The incentive fee on pre-incentive fee net investment income was subject to the Incentive Fee Cap for the three months ended March 31, 2018 due to the cumulative incentive fees paid exceeding 20% of cumulative pre-incentive fee net return during the applicable quarter and the 11 preceding full calendar quarters. The incentive fee on pre-incentive fee net investment income was subject to the Incentive Fee Cap for the three months ended March 31, 2017 due to the cumulative incentive fees paid exceeding 20% of cumulative pre-incentive fee net return since July 1, 2014.

Administrative fee expense, professional fees and general and administrative remained flat for the three months ended March 31, 2018 compared to the three months ended March 31, 2017.

Net realized gains and losses and net unrealized appreciation and depreciation

Realized gains or losses on investments are measured by the difference between the net proceeds from the repayment or sale and the cost basis of our investments without regard to unrealized appreciation or depreciation previously recognized. Realized gains or losses on investments include investments charged off during the period, net of recoveries. The net change in unrealized appreciation or depreciation on investments primarily reflects the change in portfolio investment fair values during the reporting period, including the reversal of previously recorded unrealized appreciation or depreciation when gains or losses are realized.

During the three months ended March 31, 2018, we realized net losses totaling \$0.1 million primarily due to the write off of warrants in three portfolio companies. During the three months ended March 31, 2017, we realized net losses totaling \$10.8 million primarily due to the resolution of two debt investments partially offset by realized gains on the sale of equity received upon the exercise of warrants.

During the three months ended March 31, 2018, net unrealized depreciation on investments totaled \$0.5 million which was primarily due to the unrealized depreciation on one debt investment and the unrealized depreciation on one public equity investment. During the three months ended March 31, 2017, net unrealized appreciation on investments totaled \$11.1 million which was primarily due to reversal of previously recorded unrealized depreciation on two debt investments that were settled during the period.

Liquidity and capital resources

As of March 31, 2018 and December 31, 2017, we had cash of \$16.1 million and \$6.6 million, respectively. Cash is available to fund new investments, reduce borrowings, pay expenses, repurchase common stock and pay distributions. Our primary sources of capital have been from our public and private equity offerings, use of our revolving credit facilities, issuance of our 7.375% notes due 2019, or the 2019 Notes and issuance of our 6.25% notes due 2022, or the 2022 Notes.

On April 27, 2018, our Board extended a previously authorized stock repurchase program which allows us to repurchase up to \$5.0 million of our common stock at prices below our net asset value per share as reported in our most recent consolidated financial statements. Under the repurchase program, we may, but are not obligated to, repurchase shares of our outstanding common stock in the open market or in privately negotiated transactions from time to time. Any repurchases by us will comply with the requirements of Rule 10b-18 under the Exchange Act and any applicable requirements of the 1940 Act. Unless extended by our Board, the repurchase program will terminate on the earlier of June 30, 2019 or the repurchase of \$5.0 million of our common stock. During the three months ended March 31, 2018 and 2017, we did not make any repurchases of our common stock. From the inception of the stock repurchase program through March 31, 2018, we repurchased 167,465 shares of our common stock at an average price of \$11.22 on the open market at a total cost of \$1.9 million.

At March 31, 2018 and December 31, 2017, the outstanding principal balance under our revolving credit facility, or the Key Facility, with KeyBank National Association was \$58.0 million. As of March 31, 2018 and December 31, 2017, we had borrowing capacity under the Key Facility of \$37.0 million. At March 31, 2018 and December 31, 2017, \$24.0 million and \$23.6 million, respectively, was available, subject to existing terms and advance rates.

Our operating activities provided cash of \$12.9 million for the three months ended March 31, 2018, and our financing activities used cash of \$3.4 million for the same period. Our operating activities provided cash primarily from principal payments received on our debt investments, partially offset by investments made in portfolio companies. Our financing activities used cash primarily to pay distributions to our stockholders.

Our operating activities provided cash of \$19.9 million for the three months ended March 31, 2017, and our financing activities used cash of \$13.4 million for the same period. Our operating activities provided cash primarily from principal payments received on our debt investments, partially offset by investments made in portfolio companies. Our financing activities used cash primarily to repay the Key Facility and pay distributions to our stockholders.

Our primary use of available funds is to make debt investments in portfolio companies and for general corporate purposes. We expect to raise additional equity and debt capital opportunistically as needed and, subject to market conditions, to support our future growth to the extent permitted by the 1940 Act.

In order to remain subject to taxation as a RIC, we intend to distribute to our stockholders all or substantially all of our investment company taxable income. In addition, as a BDC, we are currently required to maintain asset coverage of at least 200%. This requirement limits the amount that we may borrow.

On March 23, 2018, President Trump signed into law the Small Business Credit Availability Act as part of an omnibus spending bill, which, among other things, amends the 1940 Act to reduce the minimum required asset coverage applicable to BDCs under the 1940 Act from 200% to 150% if certain approval and disclosure requirements are met. Before such reduced asset coverage requirement can apply to us, such reduced asset coverage requirement must be approved by either (a) a majority of our directors who have no financial interest in such approval and a majority of our directors who are not interested persons, as defined by the 1940 Act, of us in which case such reduced asset coverage requirement would take effect on the first anniversary of the date of such Board approval, or (b) a majority of votes cast by our stockholders at a special or annual meeting at which a quorum is present, in which case such reduced asset coverage requirement shall take effect on the day after such approval.

We believe that our current cash, cash generated from operations, and funds available from our Key Facility will be sufficient to meet our working capital and capital expenditure commitments for at least the next 12 months.

Current borrowings

The following table shows our borrowings as of March 31, 2018 and December 31, 2017:

| | March 31, 2018 | | | December 31, 2017 | | |
|---|-----------------------------|--------------------------------|------------------------------|-----------------------------|--------------------------------|------------------------------|
| | Total Commitment | Balance Outstanding | Unused Commitment | Total Commitment | Balance Outstanding | Unused Commitment |

| Key Facility | \$ 95,000 | \$ 58,000 | \$ 37,000 | \$ 95,000 | \$ 58,000 | \$ 37,000 |
| 2022 Notes | 37,375 | 37,375 | — | 37,375 | 37,375 | — |
| Total before debt issuance costs | 132,375 | 95,375 | 37,000 | 132,375 | 95,375 | 37,000 |
| Unamortized debt issuance costs attributable to term borrowings | — | (1,231) | — | — | (1,300) | — |
| Total borrowings outstanding, net | \$ 132,375 | \$ 94,144 | \$ 37,000 | \$ 132,375 | \$ 94,075 | \$ 37,000 |

We entered into the Key Facility effective November 4, 2013. The interest rate on the Key Facility is based upon the one-month London Interbank Offered Rate, or LIBOR, plus a spread of 3.25%, with a LIBOR floor of 0.75%. The LIBOR rate was 1.88% and 1.56% as of March 31, 2018 and December 31, 2017, respectively. The interest rates in effect are 4.91% and 4.61% as of March 31, 2018 and December 31, 2017, respectively. The Key Facility requires the payment of an unused line fee in an amount equal to 0.50% of any unborrowed amount available under the facility annually.

The Key Facility has an accordion feature which allows for an increase in the total loan commitment to \$150 million. The Key Facility is collateralized by debt investments held by Horizon Credit II LLC, or Credit II, and permits an advance rate of up to fifty percent (50%) of eligible debt investments held by Credit II. The Key Facility contains covenants that, among other things, require us to maintain a minimum net worth, to restrict the debt investments securing the Key Facility to certain criteria for qualified debt investments and to comply with portfolio company concentration limits as defined in the related loan agreement. As of March 31, 2018, the period during which we may request advances under the Key Facility, or the Revolving Period, extended through August 12, 2018. After the Revolving Period, we may not request new advances, and we must repay the outstanding advances under the Key Facility as of such date, at such times and in such amounts as are necessary to maintain compliance with the terms and conditions of the Key Facility, particularly the condition that the principal balance of the Key Facility not exceed fifty percent (50%) of the aggregate principal balance of our eligible debt investments to our portfolio companies. As of March 31, 2018, the maturity of the Key Facility, the date on which all outstanding advances under the Key Facility are due and payable, was on August 12, 2020.

On March 23, 2012, we issued and sold an aggregate principal amount of \$30.0 million 2019 Notes, and on April 18, 2012, pursuant to the underwriters' 30-day option to purchase additional notes, we sold an additional \$3.0 million of the 2019 Notes. The 2019 Notes had a stated maturity of March 15, 2019 and were redeemable in whole or in part at our option at any time or from time to time at a redemption price of \$25 per security plus accrued and unpaid interest. The 2019 Notes bore interest at a rate of 7.375% per year payable quarterly on March 15, June 15, September 15 and December 15 of each year. The 2019 Notes were our direct, unsecured obligations and (1) ranked equally in right of payment with our future unsecured indebtedness; (2) were senior in right of payment to any of our future indebtedness that expressly provided it was subordinated to the 2019 Notes; (3) were effectively subordinated to all of our existing and future secured indebtedness (including indebtedness that was initially unsecured to which we subsequently granted security), to the extent of the value of the assets securing such indebtedness and (4) were structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries. On October 30, 2017, or the Redemption Date, we redeemed all of the issued and outstanding 2019 Notes in an aggregate principal amount of \$33.0 million and paid accrued interest of \$0.3 million. The 2019 Notes were delisted effective on the Redemption Date.

On September 29, 2017, we issued and sold an aggregate principal amount of \$32.5 million 2022 Notes, and on October 11, 2017, pursuant to the underwriters' 30-day option to purchase additional notes, we sold an additional \$4.9 million of the 2022 Notes. The 2022 Notes have a stated maturity of September 15, 2022 and may be redeemed in whole or in part at our option at any time or from time to time on or after September 15, 2019 at a redemption price of \$25 per security plus accrued and unpaid interest. The 2022 Notes bear interest at a rate of 6.25% per year payable quarterly on March 15, June 15, September 15 and December 15 of each year. The 2022 Notes are our direct, unsecured obligations and (1) rank equally in right of payment with our current and future unsecured indebtedness; (2) are senior in right of payment to any of our future indebtedness that expressly provides it is subordinated to the 2022 Notes; (3) are effectively subordinated to all of our existing and future secured indebtedness (including indebtedness that is initially unsecured to which we subsequently grant security), to the extent of the value of the assets securing such indebtedness and (4) are structurally subordinated to all existing and future indebtedness and other obligations of any of our subsidiaries. As of March 31, 2018, we were in material compliance with the terms of the 2022 Notes. The 2022 Notes are listed on the New York Stock Exchange under the symbol "HTFA".

Other assets

As of March 31, 2018 and December 31, 2017, other assets were \$1.5 million which is primarily comprised of debt issuance costs and prepaid expenses.

Contractual obligations and off-balance sheet arrangements

The following table shows our significant contractual payment obligations and off-balance sheet arrangements as of March 31, 2018:

| | Payments due by period | | | | |
|----------------------|-------------------------------|-----------------------------|------------------------|------------------------|--------------------------|
| | Total | Less than 1 year | 1 – 3 Years | 3 – 5 Years | After 5 years |
| | (In thousands) | | | | |
| Borrowings | \$ 95,375 | \$ — | \$ 45,910 | \$ 49,465 | \$ — |
| Unfunded commitments | 22,500 | 16,500 | 6,000 | — | — |
| Total | \$ 117,875 | \$ 16,500 | \$ 51,910 | \$ 49,465 | \$ — |

In the normal course of business, we are party to financial instruments with off-balance sheet risk. These consist primarily of unfunded commitments to extend credit, in the form of loans, to our portfolio companies. Unfunded commitments to provide funds to portfolio companies are not reflected on our balance sheet. Our unfunded commitments may be significant from time to time. As of March 31, 2018, we had unfunded commitments of \$22.5 million. These commitments are subject to the same underwriting and ongoing portfolio maintenance requirements as are the financial instruments that we hold on our balance sheet. In addition, these commitments are often subject to financial or non-financial milestones and other conditions to borrowing that must be achieved before the commitment can be drawn. Since these commitments may expire without being drawn upon, the total commitment amount does not necessarily represent future cash requirements. We regularly monitor our unfunded commitments and anticipated refinancings, maturities and capital raising, to ensure that we have sufficient liquidity to fund such unfunded commitments. As of March 31, 2018, we reasonably believed that our assets would provide adequate financial resources to satisfy all of our unfunded commitments.

In addition to the Key Facility, we have certain commitments pursuant to our Investment Management Agreement entered into with our Advisor. We have agreed to pay a fee for investment advisory and management services consisting of two components (1) a base management fee equal to a percentage of the value of our gross assets less cash or cash equivalents, and (2) a two-part incentive fee. We have also entered into a contract with our Advisor to serve as our administrator. Payments under the Administration Agreement are equal to an amount based upon our allocable portion of our Advisor's overhead in performing its obligations under the agreement, including rent, fees and other expenses inclusive of our allocable portion of the compensation of our Chief Financial Officer and Chief Compliance Officer and their respective staffs. See Note 3 to our consolidated financial statements for additional information regarding our Investment Management Agreement and our Administration Agreement.

Distributions

In order to qualify and be subject to tax as a RIC, we must meet certain source-of-income, asset diversification and annual distribution requirements. Generally, in order to qualify as a RIC, we must derive at least 90% of our gross income for each tax year from dividends, interest, payments with respect to certain securities, loans, gains from the sale or other disposition of stock, securities or foreign currencies, or other income derived with respect to its business of investing in stock or other securities. We must also meet certain asset diversification requirements at the end of each quarter of each tax year. Failure to meet these diversification requirements on the last day of a quarter may result in us having to dispose of certain investments quickly in order to prevent the loss of RIC status. Any such dispositions could be made at disadvantageous prices or times, and may cause us to incur substantial losses.

In addition, in order to be subject to tax as a RIC and to avoid the imposition of corporate-level tax on the income and gains we distribute to our stockholders in respect of any tax year, we are required under the Code to distribute as dividends to our stockholders out of assets legally available for distribution each tax year an amount generally at least equal to 90% of the sum of our net ordinary income and net short-term capital gains in excess of net long-term capital losses, if any. Additionally, in order to avoid the imposition of a U.S. federal excise tax, we are required to distribute, in respect of each calendar year, dividends to our stockholders of an amount at least equal to the sum of 98% of our calendar year net ordinary income (taking into account certain deferrals and elections); 98.2% of our capital gain net income (adjusted for certain ordinary losses) for the one year period ending on October 31 of such calendar year; and any net ordinary income and capital gain net income for preceding calendar years that were not distributed during such calendar years and on which we previously did not incur any U.S. federal income tax. If we fail to qualify as a RIC for any reason and become subject to corporate tax, the resulting corporate taxes could substantially reduce our net assets, the amount of income available for distribution and the amount of our distributions. Such a failure would have a material adverse effect on us and our stockholders. In addition, we could be required to recognize unrealized gains, incur substantial taxes and interest and make substantial distributions in order to re-qualify as a RIC. We cannot assure stockholders that they will receive any distributions.

To the extent our taxable earnings in a tax year fall below the total amount of our distributions made to stockholders in respect of such tax year, a portion of those distributions may be deemed a return of capital to our stockholders for U.S. federal income tax purposes. Thus, the source of a distribution to our stockholders may be the original capital invested by the stockholder rather than our income or gains. Stockholders should review any written disclosure accompanying a distribution payment carefully and should not assume that the source of any distribution is our ordinary income or gains.

We have adopted an "opt out" dividend reinvestment plan, or DRIP, for our common stockholders. As a result, if we declare a distribution, then stockholders' cash distributions will be automatically reinvested in additional shares of our common stock unless a stockholder specifically "opts out" of our DRIP. If a stockholder opts out, that stockholder will receive cash distributions. Although distributions paid in the form of additional shares of our common stock will generally be subject to U.S. federal, state and local taxes, stockholders participating in our DRIP will not receive any corresponding cash distributions with which to pay any such applicable taxes. If our common stock is trading above net asset value, a stockholder receiving distributions in the form of additional shares of our common stock will be treated as receiving a distribution of an amount equal to the fair market value of such shares of our common stock. We may use newly issued shares to implement the DRIP, or we may purchase shares in the open market in connection with our obligations under the DRIP.

Related party transactions

We have entered into the Investment Management Agreement with the Advisor. The Advisor is registered as an investment adviser under the Investment Advisers Act of 1940, as amended. Our investment activities are managed by the Advisor and supervised by the Board, the majority of whom are independent directors. Under the Investment Management Agreement, we have agreed to pay the Advisor a base management fee as well as an incentive fee. During the three months ended March 31, 2018 and 2017, we paid the Advisor \$1.7 million and \$1.4 million, respectively, pursuant to the Investment Management Agreement.

Our Advisor is 60% owned by HTF Holdings LLC, which is 100% owned by Horizon Technology Finance, LLC. By virtue of their ownership interest in Horizon Technology Finance, LLC, our Chief Executive Officer, Robert D. Pomeroy, Jr. and our President, Gerald A. Michaud, may be deemed to control our Advisor.

We have also entered into the Administration Agreement with the Advisor. Under the Administration Agreement, we have agreed to reimburse the Advisor for our allocable portion of overhead and other expenses incurred by the Advisor in performing its obligations under the Administration Agreement, including rent and our allocable portion of the costs of compensation and related expenses of our Chief Financial Officer and Chief Compliance Officer and their respective staffs. In addition, pursuant to the terms of the Administration Agreement the Advisor provides us with the office facilities and administrative services necessary to conduct our day-to-day operations. During the three months ended March 31, 2018 and 2017, we paid the Advisor \$0.2 million pursuant to the Administration Agreement.

The predecessor of the Advisor has granted the Company a non-exclusive, royalty-free license to use the name “Horizon Technology Finance.”

We believe that we derive substantial benefits from our relationship with our Advisor. Our Advisor may manage other investment vehicles, or Advisor Funds, with the same investment strategy as us. The Advisor may provide us an opportunity to co-invest with the Advisor Funds. Under the 1940 Act, absent receipt of exemptive relief from the SEC, we and our affiliates are precluded from co-investing in negotiated investments. On November 27, 2017, we were granted exemptive relief from the SEC which permits us to co-invest with Advisor Funds, subject to certain conditions.

Critical accounting policies

The discussion of our financial condition and results of operation is based upon our financial statements, which have been prepared in accordance with U.S. generally accepted accounting principles. The preparation of these consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets and any other parameters used in determining such estimates could cause actual results to differ. In addition to the discussion below, we describe our significant accounting policies in the notes to our consolidated financial statements.

We have identified the following items as critical accounting policies.

Valuation of investments

Investments are recorded at fair value. Our Board determines the fair value of our portfolio investments. We apply fair value to substantially all of our investments in accordance with Topic 820, *Fair Value Measurement*, of the Financial Accounting Standards Board’s, or FASB’s, Accounting Standards Codification as amended, or ASC, which establishes a framework used to measure fair value and requires disclosures for fair value measurements. We have categorized our investments carried at fair value, based on the priority of the valuation technique, into a three-level fair value hierarchy. Fair value is a market-based measure considered from the perspective of the market participant who holds the financial instrument rather than an entity specific measure. Therefore, when market assumptions are not readily available, our own assumptions are set to reflect those that management believes market participants would use in pricing the financial instrument at the measurement date.

The availability of observable inputs can vary depending on the financial instrument and is affected by a wide variety of factors, including, for example, the type of product, whether the product is new, whether the product is traded on an active exchange or in the secondary market and the current market conditions. To the extent that the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. The three categories within the hierarchy are as follows:

Level 1 Quoted prices in active markets for identical assets and liabilities.

Level 2 Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active and model-based valuation techniques for which all significant inputs are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Our Board determines the fair value of investments in good faith, based on the input of management, the audit committee and independent valuation firms that have been engaged at the direction of our Board to assist in the valuation of each portfolio investment without a readily available market quotation at least once during a trailing twelve-month period under our valuation policy and a consistently applied valuation process. The Board conducts this valuation process at the end of each fiscal quarter, with 25% (based on fair value) of our valuation of portfolio companies that do not have a readily available market quotations subject to review by an independent valuation firm.

Income recognition

Interest on debt investments is accrued and included in income based on contractual rates applied to principal amounts outstanding. Interest income is determined using a method that results in a level rate of return on principal amounts outstanding. Generally, when a debt investment becomes 90 days or more past due, or if we otherwise do not expect to receive interest and principal repayments, the debt investment is placed on non-accrual status and the recognition of interest income may be discontinued. Interest payments received on non-accrual debt investments may be recognized as income, on a cash basis, or applied to principal depending upon management's judgment at the time the debt investment is placed on non-accrual status. For the three months ended March 31, 2018 and 2017, we did not recognize any interest income from debt investments on non-accrual status.

We receive a variety of fees from borrowers in the ordinary course of conducting our business, including advisory fees, commitment fees, amendment fees, non-utilization fees, success fees and prepayment fees. In a limited number of cases, we may also receive a non-refundable deposit earned upon the termination of a transaction. Debt investment origination fees, net of certain direct origination costs, are deferred, and along with unearned income, are amortized as a level yield adjustment over the respective term of the debt investment. All other income is recorded into income when earned. Fees for counterparty debt investment commitments with multiple debt investments are allocated to each debt investment based upon each debt investment's relative fair value. When a debt investment is placed on non-accrual status, the amortization of the related fees and unearned income is discontinued until the debt investment is returned to accrual status.

Certain debt investment agreements also require the borrower to make an ETP that is accrued into income over the life of the debt investment to the extent such amounts are expected to be collected. We will generally cease accruing the income if there is insufficient value to support the accrual or if we do not expect the borrower to be able to pay all principal and interest due.

In connection with substantially all lending arrangements, we receive warrants to purchase shares of stock from the borrower. We record the warrants as assets at estimated fair value on the grant date using the Black-Scholes valuation model. We consider the warrants as loan fees and record them as unearned income on the grant date. The unearned income is recognized as interest income over the contractual life of the related debt investment in accordance with our income recognition policy. Subsequent to origination, the warrants are also measured at fair value using the Black-Scholes valuation model. Any adjustment to fair value is recorded through earnings as net unrealized gain or loss on investments. Gains and losses from the disposition of the warrants or stock acquired from the exercise of warrants are recognized as realized gains and losses on investments.

Realized gains or losses on the sale of investments, or upon the determination that an investment balance, or portion thereof, is not recoverable, are calculated using the specific identification method. We measure realized gains or losses by calculating the difference between the net proceeds from the repayment or sale and the amortized cost basis of the investment. Net change in unrealized appreciation or depreciation reflects the change in the fair values of our portfolio investments during the reporting period, including any reversal of previously recorded unrealized appreciation or depreciation, when gains or losses are realized.

Income taxes

We have elected to be treated as a RIC under Subchapter M of the Code and operate in a manner so as to qualify for the tax treatment applicable to RICs. In order to qualify as a RIC and to avoid the imposition of corporate-level U.S. federal income tax on the amounts we distribute to our stockholders, among other things, we are required to meet certain source of income and asset diversification requirements, and we must timely distribute dividends to our stockholders out of assets legally available for distribution each tax year of an amount generally at least equal to 90% of our investment company taxable income, as defined by the Code and determined without regard to any deduction for dividends paid. We, among other things, have made and intend to continue to make the requisite distributions to our stockholders, which will generally relieve us from incurring any material liability for U.S. federal income taxes.

Depending on the level of taxable income earned in a tax year, we may choose to carry forward taxable income in excess of current year distributions into the next tax year and incur a 4% excise tax on such income, as required. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year distributions, we will accrue excise tax, if any, on estimated excess taxable income as taxable income is earned.

We evaluate tax positions taken in the course of preparing our tax returns to determine whether the tax positions are “more-likely-than-not” to be sustained by the applicable tax authority in accordance with ASC Topic 740, *Income Taxes*, as modified by ASC Topic 946, *Financial Services — Investment Companies*. Tax benefits of positions not deemed to meet the more-likely-than-not threshold, or uncertain tax positions, are recorded as a tax expense in the current year. It is our policy to recognize accrued interest and penalties related to uncertain tax benefits in income tax expense. We had no material uncertain tax positions at March 31, 2018 and December 31, 2017.

Recently adopted accounting pronouncement

In April 2014, the FASB issued Accounting Standards Update 2014-09, Revenue from Contracts with Customers (Topic 606), or ASU 2014-09, which amends existing revenue recognition guidance to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 is effective for annual and interim periods beginning after December 15, 2017. As required, we adopted ASU 2014-09 effective January 1, 2018, and such adoption did not have an impact on our consolidated financial statements and disclosures.

Recent development

On April 6, 2018, we amended the Key Facility to increase the aggregate commitments to \$100.0 million and extend the revolving period to April 6, 2021 and the maturity date to April 6, 2023.

Item 3. *Quantitative and Qualitative Disclosures About Market Risk*

We are subject to financial market risks, including changes in interest rates. During the periods covered by our financial statements, the interest rates on the debt investments within our portfolio were primarily at floating rates. We expect that our debt investments in the future will primarily have floating interest rates. As of March 31, 2018 and December 31, 2017, 99% of the outstanding principal amount of our debt investments bore interest at floating rates. The initial commitments to lend to our portfolio companies are usually based on a floating LIBOR index.

Based on our March 31, 2018 consolidated statement of assets and liabilities (without adjustment for potential changes in the credit market, credit quality, size and composition of assets on the consolidated statement of assets and liabilities or other business developments that could affect net income), the following table shows the annual impact on the change in net assets resulting from operations of changes in interest rates, which assumes no changes in our investments and borrowings:

| Change in basis points | Interest Income | Interest Expense | Change in Net Assets⁽¹⁾ |
|-------------------------------|----------------------------|-----------------------------|---|
| | (In thousands) | | |
| Up 300 basis points | \$ 5,784 | \$ 1,764 | \$ 4,020 |
| Up 200 basis points | \$ 3,877 | \$ 1,176 | \$ 2,701 |
| Up 100 basis points | \$ 1,969 | \$ 588 | \$ 1,381 |
| Down 300 basis points | \$ (1,555) | \$ (538) | \$ (1,017) |
| Down 200 basis points | \$ (1,555) | \$ (538) | \$ (1,017) |
| Down 100 basis points | \$ (1,299) | \$ (538) | \$ (761) |

(1) Excludes the impact of incentive fees based on pre-incentive fee net investment income.

While our 2022 Notes bear interest at a fixed rate, our Key Facility has a floating interest rate provision, subject to a floor of 0.75% per annum, based on a LIBOR index which resets monthly, and any other credit facilities into which we enter in the future may have floating interest rate provisions. We have used hedging instruments in the past to protect us against interest rate fluctuations, and we may use them in the future. Such instruments may include caps, swaps, futures, options and forward contracts. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of lower interest rates with respect to the investments in our portfolio with fixed interest rates.

Because we currently fund, and expect to continue to fund, our investments with borrowings, our net income is dependent upon the difference between the rate at which we borrow funds and the rate at which we invest the funds borrowed. Accordingly, there can be no assurance that a significant change in market interest rates will not have a material adverse effect on our net income. In periods of rising interest rates, our cost of funds could increase, which would reduce our net investment income.

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures

As of March 31, 2018, we, including our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures were effective and provided reasonable assurance that information required to be disclosed in our periodic SEC filings is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. However, in evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of such possible controls and procedures.

(b) Changes in internal controls over financial reporting.

There have been no material changes in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during our most recently completed fiscal quarter, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II

Item 1: Legal Proceedings.

Neither we nor our Advisor is currently subject to any material legal proceedings, nor, to our knowledge, is any material legal proceeding threatened against us or against our Advisor.

Item 1A: Risk Factors.

In addition to other information set forth in this report, you should carefully consider the factors set forth below and in “Item 1A Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2017, which could materially affect our business, financial condition and/or operating results. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially affect our business, financial condition and/or operating results. Other than the item set forth below, there have been no material changes during the three months ended March 31, 2018 to the risk factors set forth in “Item 1A. Risk Factors” of our annual report on Form 10-K for the year ended December 31, 2017.

Recently passed legislation may allow us to incur additional leverage.

A BDC has historically been able to issue “senior securities,” including borrowing money from banks or other financial institutions, only in amounts such that its asset coverage, as defined in the 1940 Act, equals at least 200% after such incurrence or issuance. On March 23, 2018, the Small Business Credit Availability Act was signed into law and amended the 1940 Act to decrease the asset coverage requirements applicable to BDCs from 200% to 150% if such lower asset coverage requirements have been approved by either (a) a majority of a BDC’s directors who have no financial interest in such approval and a majority of the BDC’s directors who are not interested persons, as defined by the 1940 Act, of such BDC, in which case such reduced asset coverage requirements would take effect on the first anniversary of the date of such approval, or (b) a majority of votes cast by the stockholders of such BDC at a special or annual meeting at which a quorum is present, in which case such reduced asset coverage requirements shall take effect on the day after such approval.

As a result, if we receive the relevant approval and we comply with certain disclosure requirements, we would be able to incur additional indebtedness, which may increase the risk of investing in us. In addition, since our base management fee is payable based upon our gross assets (less cash and cash equivalents), which includes any assets acquired with the proceeds of borrowings, the base management fee expense will increase if we incur additional leverage.

Item 2: Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3: Defaults Upon Senior Securities.

None.

Item 4: Mine Safety Disclosures.

Not applicable

Item 5: Other Information.

None.

Item 6: Exhibits.

AMENDMENT NO. 2
TO
AMENDED AND RESTATED LOAN AGREEMENT

THIS AMENDMENT NO. 2 TO AMENDED AND RESTATED LOAN AGREEMENT (this “Amendment”) dated as of April 6, 2018, is entered into by and among HORIZON CREDIT II LLC (the “Borrower”), STATE BANK AND TRUST COMPANY, a Georgia banking corporation (successor by merger to AloStar Bank of Commerce), as a Lender, MUFU UNION BANK, N.A., as a Lender, and KEYBANK NATIONAL ASSOCIATION (successor by merger to Key Equipment Finance Inc.) as a Lender and as Arranger and Agent (in such capacity, the “Agent”). Capitalized terms used and not otherwise defined herein are used with the meanings set forth or incorporated by reference in the Loan Agreement (as defined below).

PRELIMINARY STATEMENTS

A. Reference is made to that certain Amended and Restated Loan and Security Agreement dated as of November 4, 2013 by and among the Borrower, the Lenders and the Agent (as amended, modified, supplemented or otherwise modified prior to the date hereof, the “Loan Agreement”).

B. The parties hereto have agreed to amend certain provisions of the Loan Agreement upon the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the premises set forth above, and other good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

Article I. Amendments to the Loan Agreement. Upon satisfaction of the conditions precedent set forth in Section 4 hereof the Loan Agreement is hereby amended as follows:

Section 1.01 Additions to Section 1.1. The following defined terms shall be added to Section 1.1 in alphabetical order as follows:

(a) “Amendment No. 2 Effective Date” means April 6, 2018.

(b) “Breakage Costs” means any out-of-pocket loss, cost or expense incurred by any Lender (as reasonably determined by the applicable Lender) as a result of any prepayment of any Advance arising under this Agreement, including, without limitation, any loss or cost (excluding lost profits) in (i) liquidating or employing deposits acquired to fund or maintain such Advance or (ii) unwinding or terminating any deposit, hedging, swap or other capital market investment entered into by the Lender in the ordinary course of business in connection with funding or maintaining such Advance. The amount of any such loss or expense shall be communicated by the applicable Lender(s) to the Agent and set forth in a written notice to Borrower delivered by the Agent on behalf of such Lender(s) prior to the date of such prepayment in the case where notice of such prepayment is delivered to such Lender in accordance with Section 2.3(b) or within two (2) Business Days following such prepayment in the case where no such notice is delivered and shall be conclusive absent manifest error.

- (c) “Collection Account Release” has the meaning set forth in Section 2.3(c)(ii).
- (d) “Collection Account Release Notice” has the meaning set forth in Section 2.3(c)(ii).
- (e) “FCPA” means the Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder.
- (f) “Hedge Breakage Costs” means, for any Hedge Transaction, any amount payable by Borrower for the early termination of that Hedge Transaction or any portion thereof.
- (g) “Mandatory Prepayment” has the meaning set forth in Section 2.3(b).
- (h) “Material Modification” means any amendment or waiver of, or modification or supplement to, any of the Note Receivable Documents governing such Note Receivable as a result of the related Account Debtor financial under-performance or the related Account Debtor credit-related concerns, in accordance with the Required Procedures, which:
 - (a) reduces or forgives any or all of the principal amount due under such Note Receivable;
 - (b) (i) waives one or more interest payments (other than any incremental interest accrued due to a default or event of default with respect to such Note Receivable), (ii) permits any interest due in cash to be deferred or capitalized and added to the principal amount of such Note Receivable or (iii) reduces the spread or coupon payable on such Note Receivable unless such reduction (when taken together with all other reductions with respect to such Note Receivable) is by less than 10% of the spread or coupon payable at the time of the initial funding;
 - (c) contractually or structurally subordinates such Note Receivable by operation of (i) any priority of payment provisions, (ii) any turnover provisions, (iii) the transfer of assets in order to limit recourse to the related Account Debtor or (iv) the granting of liens on any of the collateral securing such Note Receivable, in each case that requires the consent of the Borrower or any lenders thereunder; provided, however, that any contractual or structural subordination with respect to any Note Receivable pursuant to the foregoing (i) through (iii) of this clause (c) agreed to by the Borrower in connection with any change in the lender or lenders under the related commercial loan and that has been previously an Eligible Second Lien Note Receivable, and after such change will continue to be an Eligible Second Lien Note Receivable shall not be a “Material Modification” of such Note Receivable;

(d) either (i) extends the maturity date of such Note Receivable by more than 120 days past the maturity date as of the initial funding or (ii) extends the amortization schedule with respect thereto;

(e) substitutes, alters or releases the Purchased Assets (as defined in the Amended and Restated Sale and Servicing Agreement) related to such Note Receivable, and such substitution, alteration or release, individually or in the aggregate and as determined in the Agent's reasonable discretion, materially and adversely affects the value of such Note Receivable; or

(f) waives any other material requirement under such Note Receivable Document.

(i) "Prepayment Notice" has the meaning set forth in Section 2.3(c)(i).

(j) "RIC/BDC Requirements" means the requirements Horizon must satisfy to maintain (a) its status as a "business development company," within the meaning of the 1940 Act, including, but not limited to, "asset coverage" requirements (as defined in and determined pursuant to Section 18 of the 1940 Act) and (b) its election to be treated as a "regulated investment company" under the Code.

(k) "Sanctions" has the meaning set forth in Section 5.25(a).

Section 1.02 Deletions from Section 1.1. The following defined terms shall be deleted from Section 1.1:

(a) "Sanctioned Person"; and

(b) "Sanctioned Entity".

Section 1.03 Amendments to Existing Definitions. The following defined terms are amended as follows:

(a) The definition of "Authorized Person" is deleted in its entirety, and the following substituted therefor:

"Authorized Person" means (a) with respect to Borrower, any of Robert D. Pomeroy, Jr., Chief Executive Officer, Gerald A. Michaud, President, or Daniel Trolio, Chief Financial Officer, or any other individual then serving as the Chief Executive Officer, President, or Chief Financial Officer of Borrower, (b) with respect to Horizon, any of Robert D. Pomeroy, Jr., Chief Executive Officer, Gerald A. Michaud, President, or Daniel Trolio, Chief Financial Officer, or any other individual then serving as the Chief Executive Officer, President, or Chief Financial Officer of Horizon, and (c) with respect to Servicer, any of Robert D. Pomeroy, Jr., Chief Executive Officer, Gerald A. Michaud, President, or Daniel Trolio, Chief Financial Officer, or any other individual then serving as the Chief Executive Officer, President, or Chief Financial Officer of Servicer; provided, that for purposes of this Agreement, no individual who is an Authorized Person shall cease to be an Authorized Person, and no individual who is not then an Authorized Person shall become an Authorized Person, unless and until Agent has received written notice of such change from Borrower, Horizon or Servicer, as applicable, and in the case of an individual becoming an Authorized Person such individual has qualifications and experience substantially similar to the Authorized Person being replaced and Agent has completed a background check on such proposed new Authorized Person with the results of such background check being acceptable to Agent in its Permitted Discretion.

- (b) The definition of “Commitment Termination Date” is deleted in its entirety, and the following substituted therefor:

“Commitment Termination Date” means the third anniversary of the Amendment No. 2 Effective Date, as such date may be extended pursuant to Section 2.2(b).

- (c) Clause (b) of the definition of “Eligible Note Receivable” is deleted in its entirety, and the following substituted therefor:

(b) such Note Receivable shall not have been subject to a Material Modification, unless the Agent has provided its prior written consent; provided, however that such Note Receivable may have been subject to a Material Modification in accordance with the Required Procedures not more than one time during any 12-month period;

- (d) Clause (e) of the definition of “Eligible Note Receivable is deleted in its entirety, and the following substituted therefor:

(e) such Note Receivable has an original term to maturity of not more than sixty (60) months, provided, however, that if such Note Receivable is a Revolving Note Receivable, the revolving period is not more than the lesser of (i) thirty-six (36) months and (ii) the maturity date of any other obligation for borrowed money of the Account Debtor provided by Horizon;

- (e) Clause (a) of the definition of “Excess Concentration Amount” is deleted in its entirety, and the following substituted therefor:

(a) the aggregate amount by which the Outstanding Note Receivable Balances of all Eligible Note Receivables included as part of the Collateral for which the applicable Account Debtors are domiciled (x) in the single largest State exceeds sixty percent (60%) of the Concentration Test Balance; (y) in the second largest State exceeds thirty percent (30%) of the Concentration Test Balance; and (z) in any single State other than the two largest States exceeds twenty-five percent (25%) of the Concentration Test Balance;

(f) Clause (e) of the definition of “Excess Concentration Amount” is deleted in its entirety, and the following substituted therefor:

(e) the aggregate amount by which the Outstanding Note Receivable Balances of all Eligible Note Receivables of the single Account Debtor having the second largest aggregate Outstanding Note Receivable Balance exceeds the lower of \$15,000,000 or 12% of the Concentration Test Balance on such date;

(g) Clause (k) of the definition of “Excess Concentration Amount” is deleted in its entirety, and the following substituted therefor:

(k) the aggregate amount by which the Outstanding Note Receivable Balances of all Eligible Note Receivables included as part of the Collateral that (i) have been subject to a Material Modification or (ii) are out of covenant compliance under the related Note Receivable Documents but which are not Charged-Off Note Receivables or Delinquent Note Receivables exceeds 10% of the Concentration Test Balance.

(h) Clause (o) of the definition of “Excess Concentration Amount” is deleted in its entirety, and the following substituted therefor:

(o) the aggregate amount by which the Outstanding Note Receivable Balances of all Eligible Note Receivables included as part of the Collateral for which the applicable Account Debtors are owned by a single Person that is a venture capital firm, private equity group or other institutional investor exceeds 40% of the Concentration Test Balance;

(i) The definition of “Facility Amount” is deleted in its entirety, and the following substituted therefor:

“Facility Amount” means, at any time and as reduced or increased from time to time, pursuant to the terms of this Agreement the aggregate dollar amount of Commitments of all the Lenders; provided, however, that on the Termination Date and on each date thereafter, the Facility Amount shall be equal to the outstanding Advances as of such date. As of the Amendment No. 2 Effective Date, the Facility Amount is \$100,000,000. The Facility Amount may be increased up to a total of \$150,000,000 in accordance with the provisions of Section 2.13.

(j) The definition of “Lead Investor” is deleted in its entirety, and the following substituted therefor:

“Lead Investor” means, at any time with respect to any Account Debtor, the venture capital firm or other institutional investor with the greatest equity ownership in such Account Debtor.

(k) Clause (a) of the definition of “Rehabilitated Notes Receivable” is deleted in its entirety, and the following substituted therefor:

(a) that has a Material Modification, in each case in accordance with the Required Procedures,

(l) The definition of “Revolving Credit Availability Period” is deleted in its entirety, and the following substituted therefor:

“Revolving Credit Availability Period” means the period commencing on the Amendment No. 2 Effective Date and ending on the Termination Date.

(m) The definition of “Revolving Note Receivable” is deleted in its entirety, and the following substituted therefor:

“Revolving Note Receivable” means each Note Receivable that is secured by a valid first priority security interest or lien on specified collateral, (b) is not subordinate in right of payment to any other obligation for borrowed money of the Account Debtor, (c) has an LTV not greater than forty percent (40%) when comparing (i) the aggregate commitment (i.e., assumes fully-drawn) of such Revolving Note Receivable plus all other outstanding balances of loans of such Account Debtor *pari passu* to the Revolving Note Receivable to (ii) the Account Debtor value, determined in accordance with the Servicer’s Required Procedures, and (d) with respect to which the Borrower has a revolving credit commitment to advance amounts to the applicable Account Debtor during a specified term and which was underwritten as a “Revolving Note Receivable” in accordance with the Required Procedures and is identified on the books of the Servicer as such.

(n) The definition of “Swap Breakage and Indemnity Amounts” is deleted in its entirety, and the following substituted therefor:

“Swap Breakage and Indemnity Amounts” means any early termination payments, taxes, indemnification payments and any other amounts owed to a Hedge Provider under a Hedge Agreement that do not constitute monthly payments.

(o) Clause (a) of the definition of “Target Industry Percentage Limit” is deleted in its entirety, and the following substituted therefor:

(a) with respect to the Target Industry of Technology, seventy-five percent (75%);

Section 1.04 Amendments to Section 2.3. Section 2.3 is hereby deleted in its entirety, and the following substituted therefor:

“2.3 Payment; Overadvances; Voluntary Prepayment; Collections Account Release.

(a) Payment and Voluntary Prepayment.

(i) Except as otherwise expressly provided herein, all payments by Borrower shall be made to Agent’s Account for the account of the Lender Group and shall be made in immediately available funds, no later than 2:00 p.m. (New York time) on the date specified herein. Any payment received by Agent later than 2:00 p.m. (New York time) shall be deemed to have been received on the following Business Day and any applicable interest, fee or Breakage Costs shall continue to accrue until such following Business Day.

(ii) Unless Agent receives notice from Borrower prior to the date on which any payment or voluntary prepayment is due to the Lenders that Borrower will not make such payment or voluntary prepayment in full as and when required, Agent may assume that Borrower has made (or will make) such payment or voluntary prepayment in full to Agent on such date in immediately available funds and Agent may (but shall not be so required), in reliance upon such assumption, distribute to each Lender on such due date an amount equal to the amount then due such Lender. If and to the extent Borrower does not make such payment or voluntary prepayment in full to Agent on the date when due, each Lender severally shall repay to Agent on demand such amount distributed to such Lender, together with interest thereon at the Defaulting Lender Rate for each day from the date such amount is distributed to such Lender until the date repaid.

(b) **Overadvances.** If, at any time or for any reason, the aggregate principal balance of the Loans owed by Borrower to the Lender Group is greater than the Maximum Availability (an “Overadvance”), Borrower shall, within two Business Days pay to Agent, in cash, (i) the amount of such excess (to the extent not paid sooner from Collections), which amount shall be used by Agent to reduce the outstanding principal balance of the Loans, together with interest on such excess accrued to the date of prepayment, and (ii) if such payment is made on a date that is not a Remittance Date, any applicable Breakage Costs (such payment, a “Mandatory Prepayment”). Borrower promises to pay the Obligations (including principal, interest, fees, costs, and expenses) in full on the Maturity Date or, if earlier, on the date on which the Obligations (other than the Bank Product Obligations) become due and payable pursuant to the terms of this Agreement and the other Loan Documents.

(c) **Voluntary Prepayment; Collections Account Release.** From time to time during the Revolving Credit Availability Period, by delivering to Agent a written notice and on any date that is not a Remittance Date, the Borrower may:

(i) prepay all or any portion of the Advances then outstanding, other than with respect to Mandatory Prepayments, by delivering to the Agent written notice of such prepayment (a “Prepayment Notice”) at least two (2) Business Days prior to the date of such prepayment (or such later time as the applicable Lenders, in their respective sole discretion, may agree), specifying the date and amount of the prepayment and certifying that, immediately before and after giving effect to such prepayment, (A) no Default or Event of Default has occurred and is continuing and (B) Borrower is and shall be in compliance with the terms of this Agreement. Any prepayment by the Borrower of Advances pursuant to this Section 2.3(c)(i), other than with respect to Mandatory Prepayments, shall be in a minimum amount of \$500,000 with integral multiples of \$100,000 above such amount (except that, in the case of a prepayment of all Advances then outstanding, such prepayment need not be in an integral multiple of \$100,000); any amount so prepaid may, subject to the terms and conditions hereof, be reborrowed during the Revolving Credit Availability Period. A Prepayment Notice shall be irrevocable when delivered; or

(ii) release any Available Collections from the Collection Account (a “Collection Account Release”) in excess of the interest and other amounts described in clauses (A) through (K) of Section 2.4(a) by delivering to the Agent written notice at least two (2) Business Days prior to the proposed date of such release (a “Collection Account Release Notice”) (x) specifying the date and amount of the Collection Account Release and (y) certifying that, immediately before and after giving effect to such Collateral Account Release, (A) Borrower is and shall be in compliance with the Borrowing Base and (B) no Default or Event of Default has occurred and is continuing. A Collections Account Release may be applied towards the acquisition of new Collateral or for the general corporate purposes of the Borrower. A Collection Account Release Notice shall be irrevocable when delivered.

No prepayment pursuant to clause (i) above or any Collection Account Release shall be given effect unless the Borrower has complied with the terms of any Hedge Agreement requiring that one or more Hedge Transactions be terminated or amended in whole or in part as the result of any such prepayment or such Collection Account Release, and the Borrower has paid all Hedge Breakage Costs owing to the relevant Hedge Provider for any such termination or amendment. If any Prepayment Notice relating to any prepayment is given, the amount specified in such Prepayment Notice shall be due and payable on the date specified therein, together with any Breakage Costs (including Hedge Breakage Costs) related thereto. If any such Collection Account Release Notice is given, the amount remitted to Borrower pursuant to such Collection Account Release Notice shall be reduced by the amount of any Breakage Costs (including Hedge Breakage Costs) related thereto.”

Section 1.05 Amendments to Section 2.4.

(a) Clause (I) of Section 2.04(a) is hereby deleted in its entirety, and the following substituted therefor:

(I) NINTH, to the Agent for payment to each Lender, in the amount of unpaid Breakage Costs with respect to any prepayments made prior to such Remittance Date and any other costs or expenses, and/or taxes (if any) owed to such Lender;

- (b) Clause (I) of Section 2.04(b) is hereby deleted in its entirety, and the following substituted therefor:

(I) NINTH, to the Agent for payment to each Lender, in the amount of unpaid Breakage Costs with respect to any prepayments made on such Remittance Date, increased costs and/or taxes (if any) owed to such Lender;

Section 1.06 Amendments to Section 5.

- (a) Section 5.25 is deleted in its entirety, and the following substituted therefor:

“5.25 Sanctions; Anti-Corruption.

(a) None of Borrower, any of its Subsidiaries or, to the knowledge of the Borrower, any director, officer, employee, agent, or affiliate of Borrower or any of its Subsidiaries is an individual or entity (“person”) that is, or is owned or controlled by persons that are: (i) the subject of any sanctions administered or enforced by OFAC, the U.S. Department of State, the United Nations Security Council, the European Union, Her Majesty’s Treasury, or other relevant sanctions authority (collectively, “Sanctions”), or (ii) located, organized or resident in a country or territory that is, or whose government is, the subject of Sanctions (including, as of the Amendment No. 2 Effective Date, Crimea, Cuba, Iran, North Korea and Syria).

(b) Borrower, its Subsidiaries and their respective directors, officers and employees and, to the knowledge of the Borrower, the agents of the Borrower and its Subsidiaries, are in compliance with all applicable Sanctions and with the FCPA and any other applicable anti-corruption law, in all material respects. Borrower and its Subsidiaries have instituted and maintain policies and procedures designed to ensure continued compliance with applicable Sanctions, the FCPA and any other applicable anti-corruption laws. No part of the proceeds of the loans made hereunder will be used by Borrower or any of its Affiliates, directly or indirectly, for any payments to any governmental official or employee, political party, official of a political party, candidate for political office, or anyone else acting in an official capacity, in order to obtain, retain or direct business or obtain any improper advantage, in violation of the FPCA.”

- (b) The last sentence of Section 5.26 is deleted in its entirety.

Section 1.07 Amendments to Section 6.

- (a) Section 6.3(d) is deleted in its entirety, and the following substituted therefor:

“(d) as soon as available, but in any event within one hundred fifty (150) days after the end of each fiscal year of Horizon Management, (i) consolidated annual financial statements of Horizon Management and its Subsidiaries for such fiscal year, audited by RSM US LLP or other independent certified public accountants reasonably acceptable to Agent and certified by such accountants to have been prepared in accordance with GAAP, together with any accountants’ letter to management in connection therewith; and (ii) a Compliance Certificate demonstrating in reasonable detail Horizon Management’s calculation of the applicable financial and portfolio covenants contained therein;

- (b) The following Section 6.20 is inserted in numerical order after Section 6.19:

“**6.20 Sanctions; Anti-Corruption Laws.** Maintain, and cause each of its Subsidiaries to maintain, policies and procedures designed to promote compliance by Borrower, its Subsidiaries and their respective directors, officers, employees and agents with applicable Sanctions and with the FCPA and any other applicable anti-corruption laws.”

Section 1.08 Amendments to Section 7. The following Section 7.17 is inserted in numerical order after Section 7.16:

“**7.17 Sanctions; Anti-Corruption Use of Proceeds.** Directly or indirectly, use the proceeds of the Advances, or lend, contribute or otherwise make available such proceeds to any of its Subsidiaries, joint venture partner or other Person, (i) in furtherance of an offer, payment, promise to pay, or authorization of the payment or giving of money, or anything else of value, to any Person in violation of the FCPA or any other applicable anti-corruption law, or (ii) (A) to fund any activities or business of or with any Person, or in any country or territory, that, at the time of such funding, is, or whose government is, the subject of Sanctions, or (B) in any other manner that would result in a violation of Sanctions by any Person (including any Person participating in the Advances, whether as Agent, Arranger, Lender, underwriter, advisor, investor, or otherwise).”

Section 1.09 Amendments to Section 8.

- (a) Section 8.18 is deleted in its entirety, and the following substituted therefor:

“**8.18** If any two of the three of Robert D. Pomeroy Jr., Gerald A. Michaud or Daniel Trolio shall cease to be actively involved in the business of Borrower, Horizon, or Horizon Management (as applicable) in such capacity, and such individuals shall not have been replaced by individuals of like qualifications and experience within ninety (90) days and with respect to whom Agent has completed a background check with the results of such background check being acceptable to Agent in its Permitted Discretion; or”

(b) Section 8.20 is amended by deleting the period at the end of such Section and the text “; or” substituted therefor.

(c) The following Section 8.21 is inserted in numerical order after Section 8.20:

“**8.21** If at any time Horizon shall cease to satisfy the RIC/BDC Requirements and the same remains unremedied within ten (10) Business Days.”

Section 1.10 Amendments to Schedule C-1. Schedule C-1 to the Loan Agreement is deleted in its entirety, and the following substituted therefor:

Schedule C-1

Commitments

(as of Amendment No. 2 Effective Date)

| Lender | Commitment |
|--|---------------|
| KeyBank National Association | \$50,000,000 |
| State Bank and Trust Company (successor by merger to AloStar Bank of Commerce) | \$20,000,000 |
| MUFG Union Bank, N.A. | \$30,000,000 |
| | |
| All Lenders | \$100,000,000 |

Article II. Representations and Warranties. The Borrower hereby represents and warrants to each of the other parties hereto (and the parties hereto agree that the following representations and warranties shall be deemed to have been made pursuant to the Loan Agreement for purposes of Section 8.5 thereof), that:

(a) this Amendment constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms; and

(b) on the date hereof, before and after giving effect to this Amendment, other than as amended or waived pursuant to this Amendment, no Early Termination Event or Unmatured Termination Event has occurred and is continuing.

Article III. Conditions Precedent. This Amendment shall become effective on the first Business Day (the "Effective Date") on which the Agent or its counsel has received:

- (a) counterpart signature pages of this Amendment, executed by each of the parties hereto;
- (b) confirmation by each Lender and the Agent of payment by the Borrower of (i) the fees described in each "Fee Letter" between the Borrower and the applicable Lender, in each case dated the date hereof, and (ii) the Lender Group Expenses incurred in connection with the transactions evidenced by this Amendment (including the fees of counsel to the Agent);
- (c) certificate from the Secretary (or equivalent) of the Borrower, in form and substance satisfactory to the Agent, certifying as to incumbency, corporate authorization and authority to enter into and perform this Amendment and to perform Loan Agreement as amended hereby and other customary matters; and
- (d) a file-stamped copies of each UCC-3 continuation statement filed in connection with the transactions contemplated by this Amendment.

Article IV. Miscellaneous.

Section 4.01 Reference to and Effect on the Loan Documents.

(a) Upon the effectiveness of this Amendment, (i) each reference in the Loan Agreement to "this Loan Agreement", "this Agreement", "hereunder", "hereof", "herein" or words of like import shall mean and be a reference to the Loan Agreement as amended or otherwise modified hereby, and (ii) each reference to the Loan Agreement in any other Loan Document or any other document, instrument or agreement executed and/or delivered in connection therewith, shall mean and be a reference to the Loan Agreement as amended or otherwise modified hereby.

(b) Except as specifically amended, terminated or otherwise modified above, the terms and conditions of the Loan Agreement, of all other Loan Documents and any other documents, instruments and agreements executed and/or delivered in connection therewith, shall remain in full force and effect and are hereby ratified and confirmed.

(c) The execution, delivery and effectiveness of this Amendment shall not operate as a waiver of any right, power or remedy of the Agent or any Lender under the Loan Agreement or any other Loan Document or any other document, instrument or agreement executed in connection therewith, nor constitute a waiver of any provision contained therein, in each case except as specifically set forth herein.

Section 4.02 Execution in Counterparts. This Amendment may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed to be an original and all of which taken together shall constitute but one and the same instrument. Delivery of an executed counterpart of a signature page to this Amendment by telecopier shall be effective as delivery of a manually executed counterpart of this Amendment.

Section 4.03 Governing Law. This Amendment shall be governed by and construed in accordance with the laws of the State of New York.

Section 4.04 Headings. Section headings in this Amendment are included herein for convenience of reference only and shall not constitute a part of this Amendment for any other purpose.

Section 4.05 Fees and Expenses. The Borrower hereby confirms its agreement to pay on demand all reasonable costs and expenses of the Agent or Lenders in connection with the preparation, execution and delivery of this Amendment and any of the other instruments, documents and agreements to be executed and/or delivered in connection herewith, including, without limitation, the reasonable fees and out-of-pocket expenses of counsel to the Agent or Lenders with respect thereto.

TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

CHIEF EXECUTIVE OFFICER CERTIFICATION

I, Robert D. Pomeroy, Jr., as Chief Executive Officer and Chairman of the Board of Horizon Technology Finance Corporation, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Horizon Technology Finance Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
